CAMPUS DIRECTOR'S MESSAGE

We would like to welcome you to Everest College, a school that provides a friendly, small-campus atmosphere where our dedicated staff can take a personal interest in the progress of each student. This caring attitude, combined with progressive curricula, affords our students a meaningful higher education experience, as well as effective preparation for a wide variety of careers.

Obtaining a postsecondary education gives our graduates a competitive edge in their career fields. Our programs are designed for employment in the State of Colorado as well as other progressive areas throughout the country.

Our goal is to provide our students with quality instruction, a sense of professional responsibility, a desire for life-long learning, and the essential skills and abilities to qualify them for their chosen careers.

We have made every effort to fulfill our obligations to those who have entrusted their educational and career goals to Everest. We invite all interested parties, therefore, to visit our campus and review our programs. Our experienced admissions officers will assist in the important process of identifying the program best suited for the candidate's special interests, talents, and goals.

Benjamin Franklin once said, "If a man empties his purse into his head, no man can take it away from him. An investment in knowledge always pays the best interest."

MISSION

Everest is dedicated to the provision of an interactive learning environment created to support the professional career development of our students. The school was established to provide quality education and training designed to meet the needs of both students and employers. The school serves a diverse student population focusing on adults seeking to acquire the education and skills necessary to enter their chosen career field. To achieve this, the school is committed to excellence in the following areas:

- The utilization of effective technology and teaching methods.
- The presentation of relevant career focused educational programs.

- Ongoing collaboration with businesses, employers and professional associations in the design, delivery and evaluation of effective programs.

The provision of career development support services to students and graduates which assists them in securing employment in their chosen field.

OBJECTIVES

To continue its mission, the college has established the following goals:

- The college is committed to provide quality teaching and excellence in education. This means the college will seek out qualified faculty who will bring excitement to the classroom and stimulate enthusiasm and eagerness for learning in the students.
- The college will seek to train its students in essential skills, competencies and attitudes. This will result in students who have successful careers and are committed to continued learning.
- The college will seek out both traditional and nontraditional students and will continually improve its educational process by working with employers, other educational institutions and education professionals. The college's success in realizing these goals will be measured by regularly surveying students, graduates and employers.
- The college will strive to develop all students in their intellectual potential, resulting in their independent thinking and intelligent decision-making.
- The college is committed to maintaining a strong link to the communities it serves by including the community and business leaders in surveys and evaluations of its academic programs and graduate job performance. By achieving this goal, the college, the students, the community, and all citizens of the region served will be better prepared for the technical, social and economic changes that will occur.

SCHOOL HISTORY

Everest College in Colorado Springs, formerly known as Blair College, was founded in Pueblo, Colorado, as Brown's School of Business in 1897. In 1918 Mr. and Mrs. George Blair purchased Brown's Business College and renamed it Blair's Business College. Mr. Floyd Doty assumed ownership of the College in 1938, and in 1953 the College achieved accreditation as a two-year school of business. It was among the first group of business colleges in the United States to be accredited by the Accrediting Commission of Independent Colleges and Schools. In 1960, Mr. and Mrs. Charles Webster purchased Blair Business College and acted as its president and secretary-treasurer, respectively, until late 1979.

In January 1981, Blair Business College changed its name to Blair Junior College. This change denoted collegiate accreditation as a Junior College of Business by the Accrediting Commission of the Association of Independent Colleges and Schools as well as approval of its Associate's degree programs by the Division of Private Occupational Schools, Department of Higher Education for the State of Colorado.

On October 17, 1996, the College was acquired by Rhodes Colleges, Inc. At the time of acquisition, the name of the institution was changed to Blair College. In June of 2006, the name of the college was changed to Everest College.

In February 2015, Zenith Education Group purchased the school from Corinthian Colleges, Inc. and transitioned it from a for-profit college into a dynamic nonprofit learning institution.

FACILITIES AND EQUIPMENT

The Colorado Springs campus is located on a five-acre site in Southeastern Colorado Springs, Colorado. The College occupies approximately 30,400 square feet of building space. There are spacious classrooms; computer, dental, massage and medical laboratories; student lounge; library; and administrative and faculty offices. A large classroom located at the west end of the building serves as the auditorium. Ample parking surrounds the Everest College building.

Everest College, the facility it occupies and the equipment it uses comply with all federal, state and local ordinances and regulations, including those related to fire safety, building safety and health.

The library is designed to support the programs offered at the campus. Students and faculty have access to a wide variety of resources such as books, periodicals, computers and curriculum based on-line resources. The library is staffed with trained professionals to assist in the research needs of students and faculty, and is conveniently open to accommodate class schedules.

GAINFUL EMPLOYMENT DISCLOSURES

For more important information about the educational debt, earning and completion rates of students who attended this school, please visit our website at www.everest.edu/disclosures.

ADMISSIONS INFORMATION

All admissions materials, including program disclosures and enrollment agreements are presented in English only, since all programs are taught in English. Each admissions representative conducts interviews with prospective enrollees in English only as the method to determine that the prospective enrollee understands and can function in English. We do not make any accommodations to present materials or instruct courses in any other language. Intensive English courses are offered at a cost separate from, and in addition to, the diploma and degree programs offered. No English as a second language courses are offered by the campus.

REQUIREMENTS AND PROCEDURES

- High school diploma or a recognized equivalent such as the GED is required for admittance.
- Applicants are informed of their acceptance status within 15 days after all required information is received and the applicants' qualifications are reviewed.
- All admitted students are required to demonstrate academic readiness for program-level coursework at the time of enrollment. This can be done through any of the following means: SAT, ACT, ACUPLACER or COMPASS scores; recent (five years or less) high school grade point average of 2.5 or higher; or grades of C or higher in college-level English Composition and college-level mathematics. If none of these measures are available, the student is expected to demonstrate readiness by completion of an online assessment. A student may be allowed to enroll and start his or her first term or module of classes prior to demonstrating academic readiness as described herein, but a student who fails to meet this requirement may be prevented from enrolling in the next quarter or module. Note this is a one-time requirement and may not apply to re-admissions, depending upon academic evaluation at the time of re-enrollment.
- Upon acceptance into the school, applicants who are enrolling will complete an enrollment agreement.
- Students may apply for entry at any time. Students are responsible for meeting the requirements of the catalog in effect at the time of enrollment.
- Re-entry students are subject to all program requirements, policies, and procedures as stated in the school catalog in effect at the time of re-entry. All re-entering students must sign a new enrollment agreement.

CRIMINAL BACKGROUND SCREENING

- Students enrolled in certain programs may be subject to a criminal background check prior to enrollment to ensure they are qualified to meet occupational or employment requirements, clinical or internship/externship placement requirements or licensure standards for many programs, including but not limited to those in the allied health fields.
- Enrollment for students may not be granted when the background check identifies a conviction, pending case, or unresolved deferral/diversion for any felonies or misdemeanors.
- A student's inability to obtain criminal background clearance may prohibit opportunities for program completion and job placement. It is the student's responsibility to contact the agency to verify conditions. The school cannot contact the background check agency.
- All students re-entering students are subject to the same background check requirements as a new student.

ACADEMIC READINESS

All incoming undergraduate students are required to demonstrate academic readiness. Students can prove academic readiness by completing an assessment provided by the institution or by providing documentation of one of the following measures:

Recent high school academic performance within the past five years

A high school cumulative grade point average (GPA) of 2.5 or higher on a 4 point scale is accepted for assessment if the date of high school graduation is 5 years or less from date of admission. High school seniors who have not yet graduated may use cumulative GPA at the end of 7 high school semesters.

SAT, ACT, or PSAT scores completed within the past five years

Scores of 460 or higher on each section of the SAT, 46 or higher on each section of the PSAT, or scores of 17 or higher in English, Reading, & Math on the ACT are accepted for assessment

Previous college experience – no time limit

General education college-level mathematics and college-level English courses taken from a national or regionally accredited institution, with a grade of C or higher may be used for assessment. Developmental courses (generally noted as remedial or pre-college on a transcript and not calculated into a college GPA) do not qualify. Prior success in a writing-intensive English class demonstrates readiness for writing and reading, while success in a previous math or quantitative reasoning class demonstrates readiness for math. Review and approval of previous college experience to be completed by office of the Registrar.

College placement scores from another institution within past five years

COMPASS, ACCUPLACER, or other standardized test scores demonstrating college readiness in each of the three areas of math, writing, or reading are accepted for assessment

INTERNATIONAL STUDENTS ADMISSIONS REQUIREMENTS

International students must meet all admission requirements as stated in the school catalog. Campuses may not admit international students without an I-17 Petition approved through the Student and Exchange Visitor Program (SEVP).

Additionally, international students must:

- Provide a certified secondary school transcript or high school diploma as defined by the student’s country of origin.
- Provide proof of English proficiency (if the student’s first language is not English, an official test score on an approved English proficiency test is required).
- Proof of financial ability to meet expenses. Such evidence may be one of the following:
 - a. Bank letter verifying student’s available funds (self-sponsoring).
 - b. Bank letter verifying sponsor’s available funds if sponsor is not a citizen or a legal permanent resident of the U.S.
 - c. Form I-134 if sponsor is not a citizen or legal permanent resident of the U.S.
 - d. If the applicant is sponsored by his/her home country, a statement of sponsorship.
- Be eligible for a student visa (F-1 or M-1).
- Enroll as a full time student (for undergraduates, at least 12 quarter credit hours; for graduate students at least 8 quarter credit hours; for Intensive English students and modular program students, at least 18 clock hours of attendance per week).
- Pay the required minimum tuition deposit.
- Pay the non-refundable SEVIS processing fee to the Department of Homeland Security.
- International students must meet the same programmatic entrance requirements as domestic students.

Note: M-1 students may not enroll in online courses. F-1 students may enroll in no more than one (1) online course per term.

Refugees and Asylees - Refugees and asylees must provide documentation of their refugee/asylee status (e.g., confirmation of USCIS receipt of Form I-589, I-94, etc.), meet the general admission requirements, and provide proof of English proficiency prior to admission.

Online Students - Foreign students who apply for an online program and who intend to complete their studies without entering the United States must meet the general admission requirements and provide proof of English proficiency prior to admission.

Undocumented Resident Aliens - Undocumented resident aliens who graduated from a United States high school are not considered international students for purposes of this policy, and may be admitted as cash paying students provided that they meet all admission requirements.

English Proficiency

All international students whose first language is not English must provide proof of English proficiency. English proficiency may be established by providing documentation of one of the following:

- Passing score on an English skills assessment test (see below)
- Graduation from an American/International high school program where the curriculum is taught in English
- Graduation from a high school in the U.S. as an exchange student
- Graduation from a high school in a country where English is the official language

The acceptable skills assessment tests for diploma and undergraduate programs are the Test of English as a Foreign Language (TOEFL), the Michigan English Language Assessment Battery (MELAB), the International English Language Testing System Exam (IELTS), and the English Language School Center (ELS) test. The required passing score on each test is as follows:

Test:	TOEFL	MELAB	IELTS	ELS
Score:	45 Internet Based 133 Computer Based 450 Paper Based	60	5.0	Completion of Level 107

Note: Intensive English Studies Students - Students lacking the required English proficiency may be admitted and enrolled in the appropriate Intensive English course as stated in the school catalog so long as all other international admission requirements are met. Such students must successfully complete the Intensive English course.

ACADEMIC POLICIES

EVEREST REGULATIONS

Each student is given the school catalog, which sets forth the policies and regulations under which the institution operates. It is the responsibility of the student to become familiar with these policies and regulations and to comply accordingly. Ignorance of or lack of familiarity with this information does not serve as an excuse for noncompliance or infractions.

Everest reserves the right to change instructors, textbooks, accreditation, schedules, or cancel a course or program for which there is insufficient enrollment. The student will receive a full refund for courses or programs that are cancelled. The school also reserves the right to change course curricula, prerequisites and requirements upon approval by the school's accrediting agency and state licensing board.

DEFINITION OF CREDIT

Everest awards credit in the form of quarter credits. One quarter credit is equivalent to a minimum of 10.0 class hours of theory or lecture instruction a minimum of 20.0 hours of supervised laboratory instruction, or a minimum of 30.0 hours of externship practice.

Financial aid is administered as a clock-hour program for Massage Therapy.

MAXIMUM CLASS SIZE

To provide instruction and training, classes are limited in size. The maximum class size is 24 students. Lab classes have a maximum class size of 24 students unless required to be smaller in compliance with any programmatic accreditation requirements.

EXTERNSHIPS

All externships required for the completion of any program shall be uncompensated, with no payment to the student, monetary or otherwise.

OUT OF CLASS ASSIGNMENTS

- Students in degree programs should expect to spend approximately two hours outside of class completing homework for every hour of in class lecture
- Students in all programs will be expected to complete assigned homework and other out-of-class assignments in order to successfully meet course objectives as set forth in the course/program syllabi. Homework and out-of-class assignments will be evaluated by faculty.

TRANSFER OF CREDIT INTO EVEREST

Everest has constructed its transfer credit policy to recognize both traditional college credit and non-traditional learning. In general, Everest considers the following criteria when determining if transfer credit should be awarded:

- Accreditation of the institution;
- The comparability of the scope, depth, and breadth of the course to be transferred; and
- The applicability of the course to be transferred to the student's desired program. This includes the grade and age of the previously earned credit.

If the learning was obtained outside a formal academic setting, through a nationally administered proficiency exam, an IT certificate exam, or military training, Everest will evaluate and award transfer credit using professional judgment and the recommendations for credit issued by the American Council on Education (ACE).

Academic Time Limits

The following time limits apply to a course being considered for transfer credit:

- College Core and General Education course – indefinite;
- Major Core course (except health science course – within ten (10) years of completion; and
- Military training, Proficiency exams (e.g. DANTES, AP, CLEP, Excelsior, etc.) and IT certificate exams – the same academic time limits as College Core, General Education, and Major Core courses.

NOTE: Due to certain programmatic accreditation criteria, health science courses must be transferred within five (5) years of completion. Due to computer field changes, computer courses must be transferred within five (5) years of completion.

Required Grades

For diploma, associate, and bachelor degree programs, a letter grade of C (70%) or better is required for transfer credit to be awarded.

Maximum Transfer Credits Accepted

Students enrolled in a diploma program must complete at least 25% of the program in residency at the institution awarding the degree or diploma. The remaining 75% of the program may be any combination of transfer credit, national proficiency credit, Everest developed proficiency credit, or prior learning credit.

Coursework Completed at Foreign Institutions

All coursework completed at a foreign institution must be evaluated by a member of the National Association of Credential Evaluation Services (NACES) or a member of the Association of International Credentials Evaluators (AICE).

Transfer Credit for Learning Assessment

Everest accepts appropriate credits transferred from the College Level Examination Program (CLEP), DANTES subject testing, and certain other professional certification examination programs. Contact the campus Academic Dean/Director of Education for the current list of approved exams and minimum scores required for transfer.

Transfer Credit for Proficiency Examination

Undergraduate students may attempt to challenge the requirement to certain selected courses by demonstrating a proficiency level based on special qualifications, skills, or knowledge obtained through work or other experience that is sufficient to warrant the granting of academic credit for a course through a Proficiency Examination. Similarly, Everest may award some credits toward undergraduate, associate, and diploma level courses for achievement of professional certifications e.g. CNE, MCSE, etc. For more information, please contact the Academic Dean or Director of Education.

Experiential Learning Portfolio

Students may earn credit for experiential learning through the Prior Learning Assessment program. This program is designed to translate personal and professional experiences into academic credit. Procedures for applying for credit through experiential learning are available in the Academic Dean's/Director of Education's office.

Notice Concerning Transferability of Credits and Credentials Earned at our Institution

The transferability of credits earned at Everest is at the complete discretion of an institution to which a student may seek to transfer. Acceptance of the degree, diploma or certificate earned in the program in which the student is enrolling is also at the complete discretion of the institution to which a student may seek to transfer. If the credits or degree, diploma or certificate that was earned at this institution are not accepted at the institution to which a student seeks to transfer, the student may be required to repeat some or all of his/her coursework at that institution. For this reason, the student should make certain that attendance at this institution will meet his/her educational goals. This may include contacting an institution to which a student may seek to transfer after attending Everest to determine if the credits or degree, diploma or certificate will transfer. The school does not guarantee the transferability of its credits to any other institution unless there is a written agreement with another institution.

Transfer to Other Everest Locations

Students in good standing may transfer to another Everest campus location. Transfer students are advised that they will be subject to the minimum residency requirements at the new campus for the program in which they are enrolled. Students may transfer applicable credits from Everest coursework in which a "C" or higher was earned; however, those credits will be treated as transfer credits and will not count toward fulfilling residency requirements at the new location.

Transfer Credit for CAAHEP-Accredited Medical Assistant Program

Advanced Placement, via transfer of credit, experiential learning and/or other methods, used toward completion of the Medical Assistant program must be consistent with institutional accrediting agency's relevant policy. Transfer of credit, credit for prior learning and credit by assessment must be documented in an official transcript.

Everest Consortium Agreement

The Everest Consortium Agreement enables students to attend a limited number of classes (a maximum of 49% of credit hours) at an Everest campus location other than their home campus. In addition, students nearing completion of their program of study may finish their degree at another Everest campus location through the Consortium Agreement (a minimum of 51% credit hours must be completed at the Home campus). Complete details on the Everest Consortium Agreement are available in the Academic Dean's/Director of Education's office.

Transfer Center Assistance

Any questions regarding the transfer of credit into or from Everest should be directed to the Transfer Center at (877) 727-0058 or email transfercenter@zenith.org.

ONLINE COURSE REQUIREMENTS

Through the Consortium Agreement with Everest University – Pompano Beach, online courses are offered using the eCollege platform via the Internet. Online courses have the same objectives as courses taught on-ground although more individual effort and initiative will be required to successfully master the material. Online courses will be designated on the class schedule so students may register during the normal registration period. To maximize success within the online courses, students should have a computer with a system profile that meets or exceeds the following:

Windows Systems

Windows 7, 8, XP, or Vista
56K modem or higher
Sound Cards & Speakers
Firefox, Chrome, or Microsoft Internet Explorer 10 and 11

Mac Systems

Mac OS X 10.7 or higher (in classic mode)
56K modem or higher
Sound Cards & Speakers
Safari, Chrome or Firefox 31 and 32

In addition, students taking online courses must:

- Check quarterly to make sure they are maintaining the correct systems profile;
- Have Internet access and an established email account;
- Verify email account/address with Online Coordinator at the time of registration each quarter;
- Commence online course work as soon as students have access to the courses;
- Participate in classes and activities weekly throughout the course.

DIRECTED STUDY

- Students unable to take a specific required course due to work schedule conflicts, emergency situations, or course scheduling conflicts may request permission to complete a course through directed study.
- Associate's degree students may apply a maximum of 8.0 quarter credit hours earned through directed study to the major core of study.
- Bachelor's degree students may apply a maximum of 16.0 quarter credits of directed study to the major core of study.
- Students may not take more than one directed study course in a single academic term.
- Diploma students are not eligible for Directed Study

GRADING SYSTEMS AND PROGRESS REPORTS

The student's final grade for each course or module is determined by the average of the tests, homework, class participation, special assignments and any other criteria indicated in the grading section of the syllabus for the course or module. Final grades are reported at the completion of each grading term and are provided to each student. If mailed, they are sent to the student's home address. Failed courses must be repeated and are calculated as an attempt in Satisfactory Academic Progress calculations.

GPA AND CGPA CALCULATIONS

- The Grade Point Average (GPA) is calculated for all students. The GPA for each term and Cumulative Grade Point Average (CGPA) are calculated on courses taken in residence at Everest
- The Grade Point Average (GPA) is calculated at the end of each evaluation period by dividing the quality points earned by the total credits attempted for that evaluation period.
- The Cumulative Grade Point Average (CGPA) is calculated by dividing the total cumulative quality points earned by the total cumulative credits attempted for cumulative evaluation periods.
- The number of quality points awarded for each course is determined by multiplying the points listed for each letter grade by the number of credits of the course.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS

Students must maintain satisfactory academic progress in order to remain eligible as regularly enrolled students and to continue receiving federal financial assistance. The accreditor and federal regulations require that all students progress at a reasonable rate toward the completion of their academic program. Satisfactory academic progress is measured by:

- The student's cumulative grade point average (CGPA)
- The student's rate of progress toward completion (ROP)
- The maximum time frame allowed to complete which is 150% of total number of credits in the program of study (MTF)

For clock hour modular programs, students must also maintain a satisfactory rate of attendance. The student may not have absences in excess of 10% of the scheduled hours in a payment period, measured at the nearest full module. The maximum time frame allowed to complete is 150% of total number of weeks in the program of study (MTF).

Evaluation Periods for SAP

Satisfactory academic progress is measured for all students at the end of each grading period (i.e., at the end of each term, module, phase, level, quarter and payment period).

Rate of Progress toward Completion

The school catalog contains a schedule designating the minimum percentage or amount of work that a student must successfully complete at the end of each evaluation period to complete their educational program within the maximum time frame (150%). The Rate of Progress percentage is determined by dividing the number of credits

earned by the number of credits attempted. Credits attempted include completed credits, transfer credits, withdrawals, and repeated courses. Non-credit remedial courses have no effect on the student's ROP.

Maximum Time Frame to Complete

The maximum time frame for completion of all programs below the master's level is limited by federal regulation to 150% of the published length of the program. For a program measured in credits, MTF is 150% of the published length of the program, measured in credits. For a program measured in clock hours, MTF is 150% of the published length of the program, measured by the total number of clock hours in the program. All credit hours attempted, which include completed credits, transfer credits, withdrawals, and repeated classes, count toward the maximum number of credits allowed to complete the program. Non-credit remedial courses have no effect on the student's maximum time frame.

Application of Grades and Credits to SAP

- Grades A through F are included in the calculation of CGPA and are included in the Total Number of Credit Hours Attempted.
- Transfer credits (TR) are not included in the calculation of CGPA but are included in the Total Number of Credit Hours Attempted and Earned in order to determine the required levels for CGPA and rate of progress.
- Courses with grades of Pass, EL and PE are not included in the CGPA calculation but do count as credit hours successfully completed for the rate of progress calculation.
- For calculating rate of progress, F grades and W grades are counted as hours attempted but are not counted as hours successfully completed. Grades of IP will also be counted as hours attempted but not as hours successfully completed.

- When a course is repeated, the higher of the two grades is used in the calculation of CGPA, and the total credit hours for the original course and the repeated course are included in the Total Credit Hours Attempted (in the SAP charts) in order to determine the required rate of progress level. The credit hours for the original attempt are considered as not successfully completed.
- When a student returns from a leave of absence and completes the course from which the student withdrew, the hours for which the student receives a passing grade are counted as earned; the grade, hours, and attendance for the original attempt prior to the official leave of absence are not counted for purpose of the rate of progress toward completion calculation and the original grade is not counted in the CGPA calculation.
- When a student transfers between programs, all attempts of courses common to both programs are included in the CGPA and ROP of the new program.
- Students graduating from one program and continuing on to another will have all successfully completed courses common to both programs included in the SAP calculations of the new program. Courses not in the new program, including grades of W or F, are excluded from all SAP calculations.
- Non-punitive grades are not used and non-credit and remedial courses do not factor into CGPA or ROP.

SAP Advising

SAP Advising is the period of time during which a student is advised and monitored for progress for the remainder of the term, if the student is at risk of falling below the required academic standards (CGPA, ROP, or MTF) for his or her program. During the SAP advising period, the student is eligible for financial aid. Academic advising will be documented using the **Academic Advising Form**. The form shall be kept in the student's academic file.

The Academic Dean/Director of Education (or designee) must provide a written notice of SAP Advising status. The following timelines apply for all students placed on SAP Advising status:

- Students must receive the notification by the third (3) calendar day of the subsequent module; and
- Must be advised within ten (10) calendar days after the module start. The (10) calendar days should exclude schedule breaks and Holidays.

Financial Aid Warning

SAP is evaluated at the end of each term and all students with a cumulative grade point average (CGPA) and/or rate of progress (ROP) below the required academic progress standards as stated in the school's catalog will move into SAP NOT MET status. Students not meeting SAP and with a previous SAP status: SAP MET or SAP ADVISING will be issued FA Warning letter and be advised that unless they improve their CGPA and/or rate of progress toward completion, they may be withdrawn from their program and lose eligibility for federal financial aid.

Notification of Financial Aid Warning

The Academic Dean/Director of Education (or designee) must provide the written notice of FA Warning status to all students with a previous SAP status: SAP Advising or SAP Met. The following timelines apply to all students receiving an FA Warning:

- For linear programs with an Add/Drop period:
 - Students must receive the notification by the first day of the term; and
 - Must be advised within fourteen (14) calendar days after the term start.

NOTE: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start and be advised within twenty-one (21) calendar days after the term start.

- For modular programs:
 - Students must receive the notification by the third (3) calendar day of the next module; and
 - Must be advised within ten (10) calendar days after the module start.

Financial Aid Probation

At the end of each term following a SAP evaluation, students with an immediate SAP NOT MET status and who are SAP NOT MET again according to the academic progress standards stated in this catalog, will be notified with a SAP NOT MET letter indicating that they will be withdrawn unless they successfully appeal by written request within five (5) calendar days after the notification in accordance with the Academic Appeals Policy.

Notification of Financial Aid Probation

FA Probation is the term for which the student's appeal has been accepted and progress is monitored under an Academic Progress Plan. Students must be notified in writing of their probationary status within three (3) calendar day of the change in status in the student information system. During the period of FA probation students will continue to be eligible for financial aid.

While on FA probation, unless students improve their CGPA and /or rate of progress toward completion, in accordance with their Academic Progress Plan, they will be withdrawn from their program and become ineligible for further financial aid. All students on FA probation must be placed on an Academic Progress Plan. A student will

remain on FA probation as long as he or she is meeting the requirements of his or her Academic Progress Plan when evaluated at the end of each evaluation period on the Plan.

Academic Progress Plan

Students on FA Probation must agree to the requirements of an Academic Progress Plan (APP) as a condition of their FA probation. Each student shall receive a copy of his or her APP. A copy of each student's APP shall be kept in the student's permanent academic file.

The APP may extend over one (1) or multiple terms, as defined at the initiation of the APP. At the end of the first evaluation period on the APP, the student will meet with the Academic Dean/Director of Education (or designee)/Online Designee for an evaluation of progress of the plan's requirements. If on a single-term plan and the student has met the requirement(s) of the plan, the student must be in SAP Advising or SAP Met status, and the student's APP shall be considered fulfilled and closed. If on a multi-term plan and the student has met the requirement(s) of the first evaluation period, then new requirement will be set and the student will be placed manually into SAP Meeting APP Status and will adhere to the subsequent term requirements of the APP.

If at the end of any SAP evaluation period on the plan (APP) the student does not meet the plan's requirement(s), the student will receive a dismissal letter and will be dismissed from the program.

Students who have violated their FA Probation and have been dismissed from a program are not eligible for readmission to that program if they have exceeded, or may exceed, the maximum time frame of completion until they re-establish appropriate Satisfactory Academic Progress standing.

Evaluation of Progress

At the end of each evaluation period encompassed by the APP, the student will meet with the Academic Dean/Director of Education (or designee) for an evaluation of progress of the plan's requirements. Determination of the student's success at meeting APP requirement(s) must be completed no later than the second (2nd) calendar day of the module or term.

SAP Advising or SAP Met Status

If the student has met the requirements of a one-term plan, the student must be in SAP Advising or SAP MET status and the student's APP shall be considered fulfilled and closed. The student will be provided with either a SAP Advising or Return to Academic Good Standing Letter. In the case of SAP Advising, the student will be advised with the Academic Advising form and will be FA eligible.

The Academic Dean/Director of Education (or designee) must provide a written notice of Return to Academic Good Standing or SAP Advising status. The following timelines apply for all students placed on SAP Advising status:

- For linear programs with an Add/Drop period:
 - Students must receive the notification by the first day of the term; and
 - Must complete the Evaluation of Progress form within fourteen (14) calendar days after the notification.

NOTE: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start and must complete the Evaluation of Progress form within twenty-one (21) calendar days after the notification.

- For modular programs:
 - Students must receive the notification by the third (3) calendar day of the subsequent module; and
 - Must complete the Evaluation of Progress form within seven (7) calendar days after the notification.

SAP Not Met Status and/or Dismissal

If on a multi-term plan, it is likely the student will remain SAP NOT MET for the second (and ensuing) evaluation periods. At the end of each evaluation period, the student will be notified, evaluated for progress, and if the APP requirements are met, will be manually assigned SAP Meeting APP status and continue on the APP. New requirements for the second (or ensuing) evaluation period will be defined using the Evaluation of Progress form.

The Academic Dean/Director of Education (or designee) must provide a written notice of SAP NOT MET status. The following timelines apply for all students placed on SAP NOT MET status:

- For linear programs with an Add/Drop period:
 - Students must receive the notification by the first day of the term; and
 - Must complete the Evaluation of Progress form within fourteen (14) calendar days after the notification.

NOTE: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start and must complete the Evaluation of Progress form within twenty-one (21) calendar days after the notification.

- For modular programs:
 - Students must receive the notification by the third (3) calendar day of the subsequent module; and
 - Must complete the Evaluation of Progress form within seven (7) calendar days after the notification.

If the student does not meet the Plan's requirements at the end of an evaluation period, the student will be dismissed from the program. If the student has not met the benchmark, the student must be dropped with the correct DOD (no later than second calendar day of module or term). The student must be notified of dismissal no later than the second calendar day of module or term.

NOTE: If the student has make-up work, and the campus is willing to accept it, it must be completed within four (4) calendar days of grades being entered (as long as this doesn't extend beyond ten (10) calendar days after mod- or term-end), or the student must be dropped with the correct DOD.

SAP Re-Entry

Students who have violated FA Probation and have been dismissed shall not be readmitted if they cannot complete the program within the maximum time frame or re-establish appropriate Satisfactory Academic Progress (SAP) standing.

Retaking Passed Coursework

Students in degree programs may repeat a previously passed course one time. Students in diploma programs may not retake previously passed coursework unless the student has successfully passed all classroom modules. Each repeated attempt counts in the calculation of the students' rate of progress and maximum time frame. All repeated courses will appear on the student's transcript, but only the highest grade earned will be included in the calculation of their cumulative grade point average.

Retaking Failed Coursework

Students must repeat all failed courses that are required for graduation from the program. Failed courses may be repeated more than twice, so long as repeating the coursework does not jeopardize the students' maximum time frame of completion. Students may not exceed three attempts of prerequisite modules in diploma programs. Each attempt counts in the calculation of the students' rate of progress and successful completion percentages. All repeated coursework will appear on the student's transcript, but only the highest grade earned will be included in the calculation of their cumulative grade point average.

Veterans Affairs (VA) Students are not eligible for VA funding for repeating passed coursework, or more than one attempt at repeating failed coursework.

ADD/DROP POLICY (DEGREE PROGRAMS ONLY)

Continuing students may register for classes prior to the start of the 12-week term. Once the term has started, students may add or drop courses during the add/drop period without academic penalty upon obtaining approval from Academic administration and the Student Finance office.

The taking of attendance of new and re-entering students who enroll during the add/drop period will begin the first scheduled class session following the student's enrollment. The add/drop period for full term (12-week) courses is the first 14 calendar days of the term, excluding holidays. For either the six-week 1 or six week 2 courses, the add/drop period is the first seven calendar days of the course, excluding holidays.

Students who enroll in a 12-week course during the add/drop period must attend class by the earlier of the 21st calendar day of the term or the 14th calendar day after enrollment, or be unregistered from the course. Students who enroll in 6-week courses during the add/drop period must attend class by the 14th calendar day of the 6-week course, or be dropped from the course.

Full Term Courses

The add/drop period for full term courses is the first fourteen (14) calendar days of the term, excluding holidays and regularly scheduled breaks. The taking of attendance of students who enroll during the add/drop period shall begin the first scheduled class session following the student's enrollment. Therefore, students who enroll in a full-term course during the add/drop period must attend class by the earlier of the 21st calendar day of the term or the 14th calendar day after enrollment, or be dropped from the course.

Mini-Term Courses

The registration period for six-week 2 mini-term courses occurs well in advance prior to the start of the six-week 2 mini-term. Continuing students, who are already enrolled in full term courses, should complete registration for upcoming six-week 2 mini-term courses by the close of business on day twenty (20) of the full-term. Additionally, students must sign a Mini-Term Consent Form when registering for the upcoming six-week 2 mini-term courses.

Once the mini-term has begun, the add/drop period for mini-term courses is the first seven (7) calendar days of the term, excluding holidays and regularly scheduled breaks. The taking of attendance of students who enroll during the add/drop period shall begin the first scheduled class session following the student's enrollment. Students who enroll in mini-term courses during the add/drop period must attend class by the 14th calendar day of the mini-term, or be dropped from the course.

Impact of Add/Drop on Financial Aid Calculation

Adding or dropping a course may impact a student's enrollment status and the amount of financial aid for which the student is eligible. If the student adds or drops a course, Student Finance office will advise the student of the financial consequences. Student Finance Support and Student Accounts will process any adjustments to a student's charges or financing due to adding or dropping courses.

For 6-week 2 courses to be considered in the determination of a student's enrollment status for Pell grant purposes only, a student must register for the courses by the close of business on day 14 of the start of the full term (i.e., prior to the Census date).

ATTENDANCE POLICY

Attendance in class is critical to student academic success. This policy sets standards that provide for the withdrawal and dismissal of students whose absences exceed a set rate. Normally, a student is considered present if he or she is in the assigned classroom for the scheduled amount of time, i.e., neither late for class (tardy) nor leaving before the end of class (leave early). However, an instructor may consider a student present who does not attend the entire class session if (a) the criteria used to make the determination are stated in the course syllabus and (b) the amount of time missed does not exceed 50% of the class session.

In clock hour modular programs, the student is awarded one hour of attendance for each 50-minute academic hour attended (there is a 10-minute administrative grace period).

Establishing Attendance/Verifying Enrollment

- For programs with an add/drop period, the taking of attendance for a student enrolling during the add/drop period shall begin the first scheduled class session following the student's enrollment.
- In programs without an add/drop period, new students registered for a class must attend by the second scheduled class session or be withdrawn.

Monitoring Student Attendance

The School will monitor student attendance on the basis of both consecutive absences (the "Consecutive Absence Rule") and absences as a percentage of the hours (minus externship hours) in the term/program (the "Percentage Absence Rule"). A student may appeal an attendance dismissal pursuant to the Student Academic Appeals Policy.

If an appeal is granted, the student is not dismissed, but must be advised and monitored with an advising plan. If an appeal is not granted, the student must be withdrawn from all courses and dismissed from school, and will not be charged for attending while the appeal was pending. Any student dismissed due to an attendance violation may not be readmitted unless the student reapplies for admission.

Make-Up Attendance

In clock hour modular programs, students may choose to, or be required to, make up attendance. Make-up attendance is quantifiable time that the student is at the campus engaged in meaningful and applicable work with staff supervision. The make-up work must be related to the module in which the absences, attendance violation and / or appeal applied. Make-up attendance may be voluntary (at the student's request), or mandatory (as part of an advising or appeal process.)

Make-up attendance must occur outside of regularly scheduled class time, and the quantity of make-up attendance per module cannot exceed the amount of absence in that module. Make-up attendance will be defined in thirty (30) minutes blocks, rounded down to the nearest thirty (30) minutes. There are no breaks or "grace" periods. Make-up attendance may be made up only until the fourteenth (14th) calendar day after module end.

Make-up time can be overseen by appropriate Academics staff, unless content-based, in which case it must be administered by staff qualified to teach in the applicable program. The make-up activities may occur in a class other than the student's own (lab only), or at separate, designated make-up times. When making up hours all applicable ratios and maximums will apply.

Qualified make-up activities include, but are not limited to the following academic activities:

- Taking or re-taking a quiz or test
- Performing lab practice or check-offs
- Facilitated content review
- Facilitated / demonstrable study
- Engaging in a study group or group project
- Tutoring
- Completing in-class or homework assignments

The make-up attendance process will apply in all cases, and includes an approval process, a required Make-up Attendance Form, and a secure process for managing quizzes, tests, and any other work requiring grading.

Consecutive Absence Rule

When a student is absent from school for fourteen (14) consecutive calendar days excluding holidays and scheduled breaks, the faculty will notify the Academic Dean/Director of Education who, on the date of violation, must determine whether the student plans to return to school or has withdrawn. This determination must follow these guidelines:

- All students who state they will not return to school shall be promptly withdrawn;
- All students who state they will return must:
 1. Attend class within five (5) calendar days of the violation;
 2. File an appeal within five (5) calendar days of the violation;
 3. Have perfect attendance while the appeal is pending.

Failure to comply with one or more of the three requirements will result in the student being withdrawn from all courses and dismissed from school..

For degree programs, the consecutive absence rule is applied to consecutive days missed in a single term. For diploma programs, the consecutive absence rule is applied to one or more sequences of 14 consecutive days missed during the total program.

Percentage Absence Rule

Diploma Programs:

For students who **have not** previously violated the attendance policy:

Percentage	Action Taken
15% of the total classroom hours missed	Attendance warning letter sent
20% of the total classroom hours missed	Withdrawn from the module and dismissed from school

For students who **have** been dismissed for violating the attendance policy, or would have been dismissed but for a successful appeal, the following rule shall apply:

Percentage	Action Taken
15% of the remaining classroom hours missed	Attendance warning letter sent
20% of the remaining classroom hours missed	Withdrawn from the module and dismissed from school

Degree Programs

For students who **have not** previously violated the attendance policy:

Percentage	Action Taken
25% of the total hours for all courses in a term	Attendance warning letter sent
40% of the total hours for all courses in a term	Withdrawn from all courses and dismissed from school

For students who **have** been dismissed for violating the attendance policy, or would have been dismissed but for a successful appeal, the following rule shall apply:

Percentage	Action Taken
25% of the total remaining hours for all courses in a term	Attendance warning letter sent
40% of the total remaining hours for all courses in a term	Withdrawn from the module and dismissed from school

Clock Hour Programs

Percentage	Action Taken
10% of the total hours in each module – second occurrence in a payment period	Attendance warning letter sent Student is advised and required to make up attendance
10% of the total hours in each module – third occurrence, and those that occur beyond the third	Withdrawn from the module and dismissed from school. Student has the opportunity to appeal the dismissal, and will be required to agree to an attendance plan that requires make-up attendance

More than 10% of the total hours in each payment period – occurring prior to measurement of payment period completion for disbursement	Attendance warning letter sent Student is advised and required to make up attendance
More than 10% of the total hours in each payment period at the point of measurement of payment period completion for disbursement	Withdrawn from the module and dismissed from school. Student has the opportunity to appeal the dismissal and will be required to make up attendance - prior to the end of the first payment period, or outside of regularly-scheduled hours in the second payment period classes. Note: The appeal shall not be entered until the student has made up attendance sufficient to achieve 90% or more attendance for the payment period hours.

When a student violates the applicable percentage absence rule, the faculty will notify the Academic Dean/Director of Education who, on the date of violation, must determine whether the student plans to return to school or has withdrawn. This determination must follow these guidelines:

- All students who state they will not return to school shall be promptly withdrawn;
- All students who state they will return must:
 1. Attend class within five (5) calendar days of the violation;
 2. File an appeal within five (5) calendar days of the violation;
 3. Have perfect attendance while the appeal is pending.

Failure to comply with one or more of the three requirements will result in the student being withdrawn from all courses and dismissed from school.

Percentage Absence Rule (Linear Programs)

For students who **have not** previously violated the attendance policy:

Percentage	Action Taken
25% of the total hours for all courses in a term	Attendance warning letter sent
40% of the total hours for all courses in a term	Withdrawn from all courses and dismissed from school

For students who **have** been dismissed for violating the attendance policy, or would have been dismissed but for a successful appeal, the following rule shall apply:

Percentage	Action Taken
25% of the total remaining hours for all courses in a term	Attendance warning letter sent
40% of the total remaining hours for all courses in a term	Withdrawn from all courses and dismissed from school

Should a student violate the applicable Percentage Absence Rule, the following guidelines shall be followed:

- All students who state they will not return to school shall be promptly withdrawn;
- All students who state they will return must:
 1. Attend class within five (5) calendar days of the violation;
 2. File an appeal within five (5) calendar days of the violation;
 3. Have perfect attendance while the appeal is pending; and
- Any student who has promised to return to school, but who does not return within five (5) calendar days of the violation shall be withdrawn from all courses and dismissed from school.

Date of Withdrawal

- When a student is withdrawn for consecutive absences within the term or module, the date of the student's withdrawal shall be the student's last date of attendance (LDA).
- When a student is withdrawn for violating the applicable percentage absence rule, the Date of Withdrawal shall be the date of the violation.

NOTE: The Date of Withdrawal shall be the earlier of a violation of the Consecutive Absence Rule or the Percentage Absence Rule.

Date of Determination (DOD)

The Date of Determination (DOD) is the date the school determined the student would not return to class. This is the date used to determine the timeliness of the refund. The DOD is the earliest of the following three (3) dates:

- The date the student notifies the school (verbally or in writing) that s/he is not returning to class;
- The date the student violates the published attendance policy;

- No later than the 14th calendar day after the LDA; scheduled breaks are excluded when calculating the DOD.

Attendance Records

The computer attendance database is the official record of attendance. The official record may be challenged by filing an attendance appeal. Without an appeal, after the 14th calendar day following the end of the term/module, the computer attendance database shall be considered final.

LEAVE OF ABSENCE POLICY (MODULAR PROGRAMS ONLY)

Everest permits students to request a leave of absence (LOA) as long as the leave does not exceed a total of 180 days during any 12-month period, starting from the first day of the first leave, that there is a reasonable expectation that the student will return, and as long as there are documented, legitimate extenuating circumstances that require the students to interrupt their education, including pregnancy (including childbirth, false pregnancy, termination of pregnancy, and recovery therefrom), temporary disability, personal reasons, or other reasons such that the campus determines that an LOA is in the student's best interest. However, an LOA will not be granted for any of the following reasons:

- a) The courses that the student needs are not available;
- b) The courses that the student needs are available, but the student declines to take them;
- c) An externship/internship site is not available for the student;
- d) A student is unable to pay tuition;
- e) The student is failing a course(s); or
- f) To delay the return of unearned federal funds.

Students requesting an LOA must submit a completed Leave of Absence Request Form prior to the beginning date of the leave. If circumstances of an unusual nature that are not likely to recur prevent the student from submitting the request in advance, the leave may still be granted, but only if:

- a) the school documents the unforeseen circumstances and the Academic Dean or Director of Education determines that these circumstances meet the exception requirements (i.e., "of an unusual nature and not likely to recur"), and
- b) the student submits a completed Leave of Absence Request Form by the tenth (10th) calendar day of the leave.

Re-Admission Following a Leave of Absence

- Upon return from leave, the student will be required to repeat the module, if it had been interrupted, and receive final grades.
- The student will not be charged any fee for the repeat of any module from which the student took leave or for students returning from a leave of absence.
- The date the student returns to class is normally scheduled for the beginning of a module.
- When a student is enrolled in a modular program, the student may return at any appropriate module, not only the module from which the student withdrew.

Extension of Leave of Absence

A student on an approved LOA may submit a request to extend the LOA without returning to class. Such a request may be approved by the Academic Dean/Director of Education provided:

- The student submits a completed LOA Extension Request Form before the end date of the current leave.
- There is a reasonable expectation the student will return.
- The number of days in the leave as extended, when added to all other approved leaves, does not exceed 180 calendar days in any twelve (12) month period calculated from the first day of the student's first leave.
- Appropriate modules required for completion of the program will be available to the student on the date of return.

If the extension request is approved, the end date of the student's current leave will be changed in the official student information system to reflect the new end date. If the request is denied, the student will be withdrawn and the withdrawal date will be the student's last date of attendance (LDA).

Return from a Leave of Absence

A student must return from a LOA on the first day of any appropriate module or prior to the scheduled date of return. A student who goes on leave prior to the end of a module/term will receive a grade of "L" (leave). The course(s) with a grade of "L" will not be included in the calculation of Rate of Progress (ROP), Maximum Time Frame (MTF) or attendance.

NOTE: Everest does not permit leaves of absence for students enrolled in quarter-based programs. Students experiencing circumstances that may make it necessary to interrupt their attendance temporarily should see the Academic Dean/Director of Education.

Failure to Return From a Leave of Absence

If the student does not return from LOA as defined above, the student will be withdrawn. The withdrawal date will be the student's last day of attendance (LDA). The "L" grade in the LOA course(s) will be changed to "W" (withdraw). The course(s) having a grade of "W" will be included as an attempt in the calculation of ROP and MTF. A Title IV refund calculation will be completed and use the last date of attendance prior to the start of the LOA.

Possible Effects of Leave of Absence

Students who are contemplating an LOA should be cautioned that one or more of the following factors may affect the length of time it will take the student to graduate.

- Students returning from a LOA are not guaranteed that the module required to maintain the normal progress in their training program will be available at the time of reentry
- They may have to wait for the appropriate module to be offered
- Financial aid may be affected
- The LOA could also affect the student's:
 - Loan repayment terms, including the exhaustion of some or all of the student's grace period
 - Rate of progress
 - Maximum time frame for completion

EXTERNSHIP TRAINING

Upon successful completion of all classroom requirements, students in programs that require an externship are expected to begin the externship portion of their programs within 14 calendar days (excluding holidays and regularly scheduled breaks). If a student does not begin externship training within 14 calendar days, he/she must be dropped from the program. A leave of absence (LOA) may only be approved if the student's reason meets the criteria of the LOA Policy. Students may only miss 14 consecutive calendar days once they start externship or they must be dropped from the program.

Each student has approximately 120 calendar days to complete their externship. Any modular student who does not complete externship training within 120 calendar days should meet with the Academic Dean/Director of Education to approve the time remaining to complete the externship.

Students who drop from externship either prior to starting or during externship and/or delay the completion of their externship for more than 30 days from the last days of attendance must have their skills evaluated by a program instructor or director/chair prior to re-entry to ensure they are still competent to perform skills safely in the externship setting.

Students shall not receive compensation or payment, monetary or otherwise, for the externship or practicum experience in any MAERB-accredited program, such as the Medical Assistant or Surgical Technologist programs.

WITHDRAWAL PROCEDURES

- Students who intend to withdraw from school are requested to notify the Academic Dean/Director of Education by telephone, in person, by email or in writing to provide official notification of their intent to withdraw and the date of withdrawal.
- Timely notification by the student will result in the student being charged tuition and fees for only the portion of the payment period or period of enrollment that he/she attended as well as ensuring a timely return of federal funds and any other refunds that may be due.
- Students requesting a withdrawal from school must complete a financial aid exit interview.
- Students who have withdrawn from school may contact the school's Education Department about reentry.

MAKE-UP WORK

At the instructor's discretion, make-up work may be provided to students who have missed class assignments or tests. Make-up work must be completed within ten (10) calendar days after the end of the term/module.

REQUIREMENTS FOR GRADUATION

- Successfully complete all courses in the program with a 2.0 cumulative grade point average within the maximum time frame for completion as stated in the school catalog.
- Successfully complete all externship requirements (if applicable).
- Meet any additional program-specific requirements as stated in the catalog.

Commencement exercises are held at least once a year. Upon graduation, all students who are current with their financial obligation to the school shall receive their diploma.

VETERANS' EDUCATION BENEFITS

Prior Credit for Education and Training

All VA beneficiaries are required to disclose prior postsecondary school attendance, military education and training, and provide official transcripts for such education and training. The student is responsible for ensuring that all transcripts are submitted to the school. The school is responsible for evaluating official written transcripts of previous education and experience, granting credit where appropriate, notifying the student, and shortening the program certified accordingly.

Prior credit must be evaluated within the first two terms of the enrollment period. The VA will not pay VA education benefits past the third term of enrollment, if prior credit has not been evaluated.

Benefit Overpayments

Schools are required to promptly report changes in the enrollment status of all students receiving VA education benefits in order to minimize overpayments. Generally overpayments of VA benefits are the responsibility of the student. However, there are instances under the Post 9/11 GI Bill when an overpayment is created on a school and funds need to be returned to the VA.

Academic Standards for Students Receiving VA Benefits

Students receiving Veterans education benefits are subject to the same academic standards applicable to all students at the school. To receive VA education benefits, a student must maintain Satisfactory Academic Progress, attendance standards and adhere to the Code of Student Conduct.

Additional Requirements for Veteran Students (Modular Programs Only)

For Veteran students who **have not** previously been dismissed from the program for violating the attendance policy, the following rule shall apply:

Percentage	Action Taken
15% of the cumulative hours attempted	Attendance warning letter sent
20% of the cumulative hours attempted	Dismissed from the program

For Veteran students who **have** been dismissed for violating the attendance policy, or would have been dismissed but for a successful appeal, the following rule shall apply:

Percentage	Action Taken
15% of the remaining cumulative hours attempted	Attendance warning letter sent
20% of the remaining cumulative hours attempted	Dismissed from the program

The Veterans Administration (VA) requires that students receiving funds based on their enrollment in school complete their course of studies in the standard length of the program. In order to meet this requirement, students must attend class on a regular basis. The VA requires that it be notified when a veteran student's enrollment status changes; such notification may result in the termination of veteran benefits. All dismissals and successful appeals by students funded through the VA shall be reported to the VA by the certifying official for the school.

APPEALS POLICIES

Student Academic Appeals Policy

A student may submit an appeal based on one of three adverse determinations:

- Attendance policy violation
- Satisfactory Academic Progress (SAP) violation or
- Final grade(s).

Formal academic appeals must be submitted within five calendar days of the date the student is considered to have received notice of the adverse determination.

Appeals must include a completed, dated and signed Academic Appeal form and a letter from the student that includes the:

- Specific academic decision at issue and
- Resolution sought by the student.

A SAP or Attendance violation appeal must include an explanation of the circumstances that:

- Led to the violation and
- Will improve achievement going forward.

For a final grade appeal, the student will include the informal steps taken to address the disagreement.

Once a formal appeal is filed, the campus will take no action regarding the adverse academic decision, and financial aid disbursements will be suspended until the appeal process is concluded.

The appeal committee decision is final and no further appeals for the same adverse academic decision are permitted. If the appeal is denied, the date of determination is the date of the adverse academic decision after which the student will not be charged for any attendance.

Assignments/Test Grades

Students who disagree with an assignment/test grade should discuss it with the instructor upon receipt of the grade. Assignments/test grades are reviewed at the instructor's discretion. If the instructor is not available, the matter should be discussed with the Program Director/Department Chair/Online Academic Designee. Only final course grades are eligible for appeal.

Final Course Grades

Final grade appeals must be submitted by the:

- Eighth calendar day of the subsequent module for Diploma programs; and
- Sixth calendar day of the subsequent term for Degree programs.

A final grade appeal may be approved, and the grade corrected, if it is determined that the final grade was influenced by any of the following:

- A personal bias or arbitrary rationale
- Standards unreasonably different from those that were applied to other students
- A substantial, unreasonable, or unannounced departure from previously articulated standards or
- The result of a clear and substantial mistake in calculating or recording grades or academic progress.

A student may appeal more than one final grade while active in a program.

Only final grades are eligible for appeal. Assignment/test grades are reviewed at the instructor's discretion, consistent with the grade policy and syllabus guidelines.

Attendance Violation Appeals

Attendance violation appeals must be submitted within five calendar days after the date of violation. For an attendance appeal to be considered the student must maintain perfect attendance while the appeal is pending. Depending on the type of violation, the student must:

- Percentage Absence (program or term) - post positive attendance ("present") within five calendar days of the date of violation and
- Consecutive Day Absence - post positive attendance the next scheduled class session after the violation (for an online course, post attendance by the Sunday date immediately following the date of violation).

Violations occurring at the end of the degree term when there is no opportunity to attend until the next term are not subject to these requirements.

Subject to applicable state requirement, an attendance appeal may be granted if the student demonstrates that the absence was caused by:

- Death of a family member
- Illness or injury suffered by the student or
- Special circumstances which are not likely to recur.

A student may be eligible for more than one attendance violation appeal while active in a program.

The Appeal Committee may, as a condition of granting the appeal, require the student to make up assignments and develop an Academic Advising Plan in conjunction with his or her advisor.

Satisfactory Academic Progress (SAP) Violation Appeals

SAP appeals must be submitted by the:

- Eighth calendar day of the subsequent module for Diploma programs and
- Sixth calendar day of the subsequent term (by the tenth calendar day if there is no break week) for Degree programs.

A SAP appeal may be granted if the student is able to complete the program within the maximum time frame allowed and with the required minimum cumulative grade point average (CGPA). The student must also demonstrate that the failure to maintain the required CGPA or rate of progress (ROP) was caused by:

- Death of a family member
- Illness or injury suffered by the student or
- Special circumstances which are not likely to recur.

If the SAP appeal is approved, the student must agree to meet the requirements of an Academic Progress Plan (see Satisfactory Academic Progress and Retaking Coursework Policy).

The Appeal Committee shall, as a condition of granting the appeal, require the student to develop an Academic Progress Plan in conjunction with the student's advisor and place the student on FA probation.

FINANCIAL INFORMATION

STATEMENT OF FINANCIAL OBLIGATION

A student who has applied, is accepted, and has begun classes at Everest assumes a definite financial obligation. Each student is legally responsible for his or her own educational expenses for the period of enrollment. A student who is enrolled and has made payments in full or completed other financial arrangements and is current with those obligations, is entitled to all the privileges of attending classes, taking examinations, receiving grade reports, securing course credit, being graduated, and using the Career Services Office.

Any student who is delinquent in a financial obligation to the school, or any educational financial obligation to any third party, including damage to school property, library fines, and payment of tuition and fees, is subject to exclusion from any or all of the usual privileges of the school. Everest may, in its sole discretion, take disciplinary action on this basis, including suspension or termination of enrollment.

FINANCIAL GOOD STANDING

Students meeting their financial obligations and remaining in good financial standing throughout their course of instruction and after graduation contributes to their success.

For a student to be considered in good financial standing the student must:

- Complete required financial aid applications to assist in satisfying all anticipated direct costs of the selected program including tuition, books and required fees for each of the academic and award years within time frames required

- Have an outstanding earned Accounts Receivable balance less than:
 - \$2,500 or one term of instruction (whichever is greater) if enrolled full time in a degree program,
 - \$5,000 or one module of instruction (whichever is greater) if enrolled in a diploma program

Students who were actively attending as of February 1, 2016, and who have an outstanding balance from a previously completed academic year, may qualify for continued enrollment if the student meets the following criteria:

- Within 30 days of the policy notification completes all financial aid documentation requirements for the current academic year
- Maintains good financial standing status as outlined above for each subsequent term

Failure to remain in good financial standing may result in:

- A hold on registration for subsequent terms for degree students, or
- Dismissal from the program of study.

If a student is unable to remain in good financial standing, the student may be dropped from his or her course of instruction and not be allowed to reenroll in any Zenith program until the student account is back in good financial standing.

Students have the right to request reconsideration and exception to the dismissal decision for failure to maintain good financial standing by contacting the Academic Dean/Education Director.

TUITION AND FEES

Tuition and fee information can be found in "Tuition and Fees" section of the catalog. Modular programs are offered throughout the year on a schedule independent of the standard quarter calendar. When a student begins enrollment in a modular program, the student is charged for tuition by academic year, instead of by quarter.

Quarter-based programs will be charged for the student's first quarter (or mini-term quarter start) in attendance. Tuition and fees for subsequent quarters will be charged at the published rate in effect at the beginning of that quarter. The minimum full-time course load is 12 credits per quarter. Non-credit-bearing coursework will be charged at the same rate as credit-bearing coursework. Textbook costs per quarter are dependent upon the classes for which the student is registered. All credits for which a student is registered are charged at the current rate, including any courses being repeated. The student's total tuition for a given quarter is determined by multiplying the number of credit hours for which the student is registered at the end of the Add/Drop period by the then current tuition rate for that number of credit hours.

The Enrollment Agreement obligates the student and the School for the entire program of instruction. Students' financial obligations will be calculated in accordance with the refund policy in the contract and this school catalog.

Student may make payments by cash or by the following accepted credit cards: Visa, MasterCard or Discover.

TEXTBOOKS

Textbooks and workbooks are sold through the bookstore in accordance with Everest policies. At the time of issuance, textbooks become the responsibility of the students. Everest is not responsible for replacing lost textbooks; however, students may purchase replacements from the campus bookstore. Students are responsible for the cost of their textbooks and the cost of any shipping charges.

ADDITIONAL FEES AND EXPENSES

Charges for textbooks, uniforms and equipment are separate from tuition. The institution does not charge for books, uniforms, and equipment until the student purchases and receives the items. Incidental supplies, such as paper and pencils are to be furnished by the students.

VOLUNTARY PREPAYMENT PLAN

The school provides a voluntary prepayment plan to students and their families to help reduce the balance due upon entry. Details are available upon request from the Student Finance Office.

BUYER'S RIGHT TO CANCEL

The applicant's signature on this Enrollment Agreement (Agreement) does not constitute admission into The School until the student has been accepted for admission by an official of The School. If the applicant is not accepted, all monies paid will be refunded.

After the applicant has signed the Agreement, the applicant may request cancellation in accordance with the "CANCELLATION PERIOD" section of the Agreement. A written notice of cancellation need not take any particular form, and, however expressed, is effective if signed and dated by the student and states that the student no longer wishes to be bound by the Agreement. The notice of cancellation, if sent by mail, is effective when deposited in the mail, properly addressed, with postage prepaid.

The unexplained absence of a student from a school for more than 15 school days shall constitute constructive notice of cancellation to The School. For purposes of cancellation, the date shall be the last day of attendance.

OFFICIAL WITHDRAWALS

An official withdrawal is considered to have occurred on the date that the student provides to The School official notification of his or her intent to withdraw. Students who must withdraw from The School are requested to notify the office of the Academic Dean/Director of Education in writing to provide official notification, including the official date and reason, of their intent to withdraw. When the student begins the process of withdrawal, the student or the office of the Academic Dean/Director of Education will complete the necessary form(s).

Quarter-Based Programs: After the cancellation period, students in quarter-based programs who officially withdraw from the school prior to the end of the school's official add/drop period will be dropped from enrollment, and all monies paid will be refunded.

Modular Programs: Although there is no add/drop period in modular programs, for students who officially withdraw within the first five class days (or for weekend classes within seven calendar days from the date they started class, including the day they started class), all monies paid will be refunded.

DATE OF WITHDRAWAL VERSUS DATE OF DETERMINATION (DOD)

The date of withdrawal, for purposes of calculating a refund, is the student's last date of attendance. The date of determination is the earlier of the date the student officially withdraws, provides notice of cancellation, or the date The School determines the student has violated an academic standard. For example, when a student is withdrawn for violating an academic rule, the date of the student's withdrawal shall be the student's last date of attendance. The date of determination shall be the date The School determines the student has violated the academic rule, if the student has not filed an appeal. If the student files an appeal and the appeal is denied, the date of determination is the date the appeal is denied. If the student ceases attendance without providing official notification, the DOD shall be no more than 14 days from the student's last date of attendance.

FEDERAL FINANCIAL AID RETURN POLICY

Student Financial Aid (SFA)

The School is certified by the U.S. Department of Education as an eligible participant in the Federal Student Financial Aid (SFA) programs established under the Higher Education Act of 1965 (HEA), as amended (Title IV programs). The School is required to determine earned and unearned portions of Title IV aid for students who cancel, withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60% of a payment period or term.

Return of Title IV Funds Calculation and Policy

The Return of Title IV Funds calculation (Return calculation) is based on the percentage of earned aid using the following calculation: Percentage of payment period or term completed equals the number of scheduled hours (clock-hour programs) or days (credit-hour programs) completed up to the withdrawal date divided by the total number of hours (clock-hour programs) or days (credit-hour programs) in the payment period or term. For credit-hour programs, any scheduled break of five days or more is not counted as part of the days in the term. This percentage is also the percentage of earned aid.

Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula: Aid to be returned equals (100% of the aid that could be disbursed minus the percentage of earned aid) multiplied by the total dollar amount of aid that could have been disbursed during the payment period or term.

The School must return the lesser of:

1. The amount of Title IV program funds that the student did not earn; or
2. The amount of institutional charges that the student incurred for the payment period or period of enrollment multiplied by the percentage of funds that were not earned.

The student (or parent, if a federal PLUS loan) is required to repay the difference between the amount of unearned aid and the amount returned by the School. If the student's portion of the unearned aid includes federal grants, the student is required to return the grant amount: (1) if the grant overpayment is greater than \$50; and (2) only to the extent that the grant amount exceeds 50% of the original amount received for the payment period or period of enrollment. (Note: If the student cannot repay the grant overpayment in full, the student must make satisfactory arrangements with the U.S. Department of Education to repay any outstanding grant balances. The Student Financial Aid Department will be available to advise the student in the event that a student repayment obligation exists. The individual will be ineligible to receive additional student financial assistance in the future if the financial obligation(s) is not satisfied).

The School must return the Title IV funds for which it is responsible in the following order:

1. Unsubsidized Direct Stafford loans (other than PLUS loans)
2. Subsidized Direct Stafford loans
3. Direct PLUS loans
4. Federal Pell Grants for which a return of funds is required
5. Academic Competitiveness Grants for which a return of funds is required
6. National Smart Grants for which a return of funds is required
7. Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required

If a student withdraws after the 60% point-in-time, the student has earned all Title IV funds that he/she was scheduled to receive during the period and, thus, has no unearned funds; however, the school must still perform a Return calculation. If the student earned more aid than was disbursed to him/her, the student may be due a post withdrawal disbursement. If the Return calculation determines that the student is due a post-withdrawal disbursement, upon the permission of the student (or parent, if a Federal PLUS loan), the institution may seek to disburse the corresponding loan funds. Any post withdrawal disbursement must be paid within 180 days of the DOD. If a student earned less aid than was disbursed, The School would be required to return a portion of the funds, and the student may be required to return a portion of the funds. Any outstanding student loans that remain are to be repaid by the student according to the terms of the student's promissory notes.

Title IV Credit Balances

After a Return calculation has been made and a state/institutional refund policy, if applicable, has been applied, any resulting credit balance (i.e. earned Title IV funds exceed institutional charges) must be paid within 14 days from the date that The School performs the Return calculation and will be paid in one of the following manners:

1. With the student's (or parents, if a Federal PLUS loan) permission, reduce the student's Title IV loan debt (not limited to the student's loan debt for the period of enrollment)
2. Return to the student.

Effect of Leaves of Absence on Returns

If a student fails to return from an approved leave of absence, the date of termination or withdrawal should be the earlier of the date the school determines the student is not returning or the day following the expected return date. 8 Colo. Code Regs. Sec. 1504-1 (VIII)

Time Frame within which Institution is to Return Unearned Title IV Funds

The School must return the amount of unearned Title IV funds for which it is responsible within 45 days after the DOD.

REFUND POLICIES

If a state refund policy can provide a larger refund to the student than The School's Institutional Pro Rata Refund Calculation and Policy, the student will be given the benefit of the refund policy that results in the larger refund to the student.

Institutional Pro Rata Refund Calculation and Policy

When a student withdraws, The School must determine how much of the tuition and fees it is eligible to retain. The Pro Rata Refund Calculation and Policy is an institutional policy and is different from the Federal Financial Aid Return Policy and Return calculation; therefore, after both calculations are applied, a student may owe a debit balance (i.e. the student incurred more charges than he/she earned in Title IV funds) to The School.

The School will perform the Pro Rata Refund Calculation for those students who terminate their training before completing the period of enrollment (i.e. students who receive a final grade of “W” or “WZ”). Under the Pro Rata Refund Calculation, The School is entitled to retain only the percentage of charges (tuition, fees, room, board, etc.) proportional to the period of enrollment completed by the student. The period of enrollment completed by the student is calculated by dividing the total number of calendar days in the period of enrollment into the calendar days in the period as of the student’s last date of attendance. The period of enrollment for students enrolled in modular programs is the academic year. The period of enrollment for students enrolled in quarter-based programs is the quarter. The refund is calculated using the following steps:

3. Determine the total charges for the period of enrollment.
4. Divide this figure by the total number of calendar days in the period of enrollment.
5. The answer to the calculation in step 2 is the daily charge for instruction.
4. The amount owed by the student for the purposes of calculating a refund is derived by multiplying the total calendar days in the period as of the student’s last date of attendance by the daily charge for instruction and adding in any book or equipment charges.
5. The refund shall be any amount in excess of the figure derived in step 4 that was paid by the student.

6. TIME FRAME WITHIN WHICH INSTITUTION IS TO ISSUE NON-TITLE IV REFUNDS

Non-Title IV refunds will be issued within 30 days of either the date of determination or from the date that the applicant was not accepted by The School, whichever is applicable.

In the event of a school ceasing operation, the student shall be entitled to 100% of the prepaid, unearned tuition and fees at the time of closure unless a teach-out is available and accepted by the student.

Colorado Refund Policy

The School will make refund determinations for all tuition and fees paid for the charging period in accordance with the following schedule. If the education program for which the student has enrolled is discontinued prior to the student’s expected graduation date, the student is entitled to a full refund. The granting of credit for previous training shall not impact the refund policy.

A Student Who Withdraws or Is Terminated...	Is Entitled to a Refund of	The Institution Is Eligible to Retain
Within the first 10% of the program	90% Tuition	10% Tuition
After completion of 10% of the program, but prior to completion of 25%	75% Tuition	25% Tuition
After completion of 25% of the program, but prior to completion of 50%	50% Tuition	50% Tuition
After completion of 50% of the program, but prior to completion of 75%	25% Tuition	75% Tuition
After completion of 75% of the program	0%	100% Tuition

Postponement

Postponement of a starting date, whether at the request of The School or the student, requires a written agreement signed by the student and The School. The agreement must set forth:

- g) Whether the postponement is for the convenience of The School or the student, and;
- h) The deadline for the new start date, beyond which the start date will not be postponed.

If the course is not commenced, or if the student fails to attend by the new start date set forth in the agreement, the student will be entitled to an appropriate refund of prepaid tuition and fees within 30 days of the deadline of the new start date set forth in the agreement, determined in accordance with The School’s refund policy and all applicable laws and rules concerning the Private Occupational Education Act of 1981.

Online Learning Courses

All students are residential, but each quarter some individual course offerings in a student’s program may be available through online delivery, as listed in the course schedule for the quarter. Students enrolled in these courses attend 100% of the course online and there is no ground component. Attendance in online courses is measured and evaluated electronically each week based on the following criteria: posting once in a discussion forum or team assignment; submitting an assignment to the drop box; completing a quiz. If the student completes one of these activities for a week, the student will be considered present for purposes of the Colorado Refund Policy 12-59-114 C.R.S.

TEXTBOOK AND EQUIPMENT RETURN/REFUND POLICY

A student who was charged for and paid for textbooks, uniforms, or equipment may return the unmarked textbooks, unworn uniforms, or new equipment within 30 days following the date of the student’s cancellation, termination, or withdrawal. The School shall then refund the charges paid by the student. Uniforms that have been worn cannot be returned because of health and sanitary reasons. If the student fails to return unmarked textbooks,

unworn uniforms or new equipment within 30 days, The School may retain the cost of the items that has been paid by the student. The student may then retain the equipment without further financial obligation to The School.

EFFECT OF LEAVES OF ABSENCE ON REFUNDS

If a student does not return from an approved leave of absence (when applicable) on the date indicated on the written request, monies will be refunded. The refund calculation will be based on the student's last date of attendance. The DOD is the date the student was scheduled to return.

TIME FRAME WITHIN WHICH INSTITUTION IS TO ISSUE REFUNDS

Refunds will be issued within 30 days of either the date of determination or from the date that the applicant was not accepted by The School, whichever is applicable.

STUDENTS CALLED TO ACTIVE MILITARY DUTY

Newly Admitted Students

Students who are newly admitted to the school and are called to active military duty prior to the first day of class in their first term/module shall receive a full refund of all tuition and fees paid. Textbook and equipment charges shall be refunded to the student upon return of the textbooks/unused equipment to the school.

Continuing Students

Continuing students called to active military duty are entitled to the following:

If tuition and fees are collected in advance of the withdrawal, a strict institutional pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal for active military service ("WZ").

Continuing Modular Diploma Students

Continuing modular diploma students who have completed 50% or less of their program are entitled to a full refund of tuition, fees, and other charges paid. Such students who have completed more than 50% of their program are entitled to a strict institutional pro rata refund.

STUDENT FINANCING OPTIONS

Everest offers a variety of student financing options to help students finance their educational costs. Detailed information regarding financing options availability and the Financial Aid process can be obtained from the school's Student Financial Planning Literature. Information regarding other sources of financial assistance such as benefits available through the Bureau of Indian Affairs, Division of Vocational Rehabilitation, Veterans Assistance and State Programs can be obtained through those agencies.

Financial Assistance

Financial assistance (aid) in the form of grants and loans is available to eligible applicants who have the ability and desire to benefit from the specialized program/training offered at the school.

8. Have a high school diploma or its equivalent or have completed homeschooling at the secondary level as defined by state law.
9. Not be enrolled in either an elementary or secondary school;
10. Satisfy the title IV program specific loan requirements
11. Have not been convicted of an offense under any Federal or State law involving the possession or sale of illegal drugs for conduct that occurred during a period of enrollment for which the student was receiving title IV program funds, unless eligibility has been regained.

12. If previously convicted of, or pled nolo contendere or guilty to, a crime involving fraud in obtaining title IV program funds, has completed repayment of such assistance

Federal Financial Aid Programs

The following is a description of the Federal Financial Aid Programs available at the school. Additional information regarding these programs, eligibility requirements, the financial aid process and disbursement of aid can be obtained through the school's Student Financial Planning Brochure, the school's Student Finance Office, and the U.S. Department of Education's Guide to Federal Student Aid, which provides a detailed description of these programs. The guide is available online at:

http://studentaid.ed.gov/students/publications/student_guide/index.html

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work Study (FWS)
- Federal Direct Stafford Loans (FSL)
- Federal Direct Parent Loan for Undergraduate Students (PLUS)

Federal Work Study

The Federal Work Study (FWS) Program is a federally subsidized, self-help financial aid program that allows students with financial need to earn FWS funds through employment with authorized FWS employers. FWS encourages students to earn their funds while performing work in community, public interest or student services and work related to their course of study.

FWS jobs may be on or off-campus. Off-campus FWS jobs with federal, state, or local public agencies or private nonprofit organizations must be in the public interest. Off-campus FWS jobs with private, for-profit organizations must be academically relevant to the maximum extent possible. **Please contact your Student Finance representative for more information.**

Requirements for FWS Students

Students must meet all eligibility criteria required for receipt of federal aid, including:

- Maintaining satisfactory academic progress (SAP)
- Maintaining at least half-time enrollment

Additional requirements include:

- Students may hold only one FWS position at any time.
- FWS earnings are not considered income when calculating financial aid (FA) eligibility.
- FWS earnings are taxable income as reported on federal and state tax returns.
- FWS students are paid only for hours actually worked and are not paid for lunch, sick days, or other hours not actually worked.
- Students may not earn FWS funds in excess of their FWS award.
- Students may work no more than 25 hours per calendar week.
- Students are allowed to work during periods of non-attendance (e.g., vacations, breaks, etc.) provided sufficient work-study allocations exist.
- Any student who falsified a time sheet will be referred to the appropriate campus authority for investigation and may be referred to law enforcement authorities.

GRANTS AND SCHOLARSHIPS

Zenith American Dream Scholarship

The Zenith American Dream Scholarship is a multimillion-dollar institutional scholarship program for students who attend an Everest or WyoTech institution. New students who first enroll in an Everest or WyoTech institution on or after **August 24, 2015** and were referred by a leader in the local community are eligible to apply for the **Zenith American Dream Scholarship of \$5,000 per academic year.**

To be eligible a student must:

- Obtain a written reference from a leader in the student's community
- Complete an essay or video answering the question "How will Everest (or WyoTech) Help Me Fulfill My American Dream" – see guidelines
- Meet application guidelines and deadlines

The Zenith American Dream Scholarship may be used in order to cover the direct cost of attendance for the program in which the student is enrolled (tuition, books and fees).

Scholarship winners

The Zenith American Dream Scholarship winners will be selected based on quality of the recommendation, originality, creativity, adherence to the theme and overall quality of the essay submission as noted below. Scholarships will be awarded based on selection criteria outlined in the guidelines on a monthly basis. Student scholarship winners will be notified within 45 days of the scholarship application submission date by the Campus Director or other campus official.

Selection criteria will include:

- Written reference from a leader in the community
 - Examples of leaders of the community include but are not limited to: coaches, teachers, principals, counselors, advisors, pastors, doctors, employers, support service professionals, law enforcement officer etc.
- Review of the Written or Video Essay submitted
 - Logical interpretation of the subject and adherence to topic
 - Originality, Innovation and Creativity
 - Adherence to overall guidelines and deadlines applicable

Obtaining scholarship funds

The scholarship will be credited on a student's account upon award of the scholarship. The scholarship is non-transferable and cannot be exchanged for cash. The scholarship can only be used to reduce the institutional direct cost of the program (tuition, books and fees) and cannot be utilized for indirect costs or living expenses.

Renewing the scholarship

Students may be eligible to retain the scholarship award in subsequent academic years. In order to remain eligible the student must **maintain satisfactory progress and a grade point average of 2.0 or above.**

Zenith Student Grant

The Zenith Student Grant is a multimillion-dollar institutional grant program awarded on an annual basis to students of Everest and WyoTech schools owned by Zenith Education Group who demonstrate financial need. This institutional grant is available for new and continuing students enrolled on or after February 2, 2015 for current and future academic periods. The amount and source of the grant, which can be up to \$10,000 per academic year, may vary by student based on:

- The Expected Family Contribution (EFC) as calculated by the Free Application for Federal Student Aid (FAFSA) and reported to the student via the Student Aid Report (SAR)
- The demonstrated financial assistance needed
- Institutional grant funding availability

The grant may be used to cover the amount of calculated EFC in excess of \$500, plus any confirmed remaining unmet financial need once Title IV and all other available funding sources have been exhausted up to the direct cost of attendance for the program in which the student is enrolled.

Eligibility

To be eligible, the student must:

- Apply each academic year
- Meet all application deadlines
- Maintain satisfactory academic progress throughout his/her course of study
- Be eligible to receive federal Title IV financial aid

Obtaining grant funds

The grant will automatically be credited to your account upon completion of the financial aid application processes and award confirmation. The grant is non-transferable and cannot be exchanged for cash.

Renewing the grant

Students must reapply each academic year by the institutional deadline and meet eligibility requirements in order to be considered for the Zenith Education Grant. The grant amount may change each year based on the student's:

- Determined financial need
 - Enrollment
- Timeliness of his/her financial aid application

Workforce Scholarships and Grants, Including Youth, Adult and Displaced Workers

This campus is recognized by many public and non-profit organizations as an approved institution to support state and local workforce education and employment initiatives. As educational benefit programs become available, the campuses seek eligibility with the funding organizations. Therefore, if you are unemployed, under employed, or otherwise eligible youth or adult, you may qualify for various workforce educational benefit programs. Eligibility criteria for workforce educational assistance and benefits available vary by state, community and school, so check with the funding organization to see whether you qualify.

MILITARY SCHOLARSHIPS

Military Scholarship: Military personnel serving in components of the Armed Forces, which include the US Army, Navy, Marines, Air Force, Activated Guard/Reserve and US Coast Guard, Military spouses of active military personnel serving in components of the Armed Forces, which include the US Army, Navy, Marines, Air Force, Guard/Reserve and US Coast Guard, and Veterans are eligible to apply for the Military Scholarship. Additionally, dependents using VA Education Benefits are eligible to apply for the Military Scholarship.

The scholarship includes a quarterly tuition stipend applied as a credit to the student's account. Scholarship funds are set at the beginning of each fiscal year and are awarded on a continuing basis until funds for the fiscal year are depleted. Scholarship awards may not exceed 50% of tuition charged for the term. The scholarship is non-transferrable and non-substitutable and cannot be combined with any other program. The scholarship or program with the greatest benefit to the student will be applied.

Eligibility: Applicants must meet entrance requirements for program of study. Applicants must be a US military service member, or a dependent or spouse of a US military service member, and provide proof by submitting a copy of official military documentation prior to the start of the term. Documents include valid military ID card, Leave and Earnings Statement, DD214, etc. The scholarship may be renewed from quarter-to-quarter so long as the recipient remains enrolled, maintains satisfactory academic progress, and maintains a 2.50 cumulative grade point average.

Payment Schedule:

Member Status	Military Scholarship Amount
U.S. Military Service Member – Army, Navy, Air Force, Marines, Coast Guard, Activated National Guard or Activated Reservist	50% of tuition
Veteran – veteran using VA or other military education benefits	10% of tuition
Military Spouse – spouse of active-duty military personnel serving in the Armed Forces	10% of tuition
Military spouse or dependent – spouse or dependent using military education benefits	10% of tuition
Other – service member, veteran or family member not listed above and using military education benefits	10% of tuition

ADMINISTRATIVE POLICIES

STATEMENT OF NON-DISCRIMINATION

Everest does not and will not discriminate on the basis of race, color, religion, age, disability, sex, pregnancy (including childbirth, false pregnancy, termination of pregnancy, and recovery therefrom), sexual orientation, national origin, citizenship status, gender identity or status, veteran status, actual or potential parental, family or marital status in the administration of its educational and admissions policies, scholarship and loan programs, or other school-administered programs. For information on discrimination-related grievances, please see the Discrimination Grievance Procedures section.

CIVIL RIGHTS COMPLIANCE

Everest complies with federal laws including Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, Title IX of the Educational Amendments of 1972, the Age Discrimination Act of 1975, and Title VI of the Civil Rights Act of 1964, all as amended from time to time. The Campus Director has been designated as the Civil Rights Coordinator and will coordinate the efforts of Everest to comply with all relevant civil rights laws. Inquiries should be directed to this person at the campus contact information located in this catalog.

DISABILITY ACCOMMODATION PROCEDURE

Everest's disability accommodation procedure is a collaborative and interactive process between the student and the Civil Rights Coordinator. The student will meet with the Civil Rights Coordinator on campus to request and submit an Accommodation Request form and discuss disability related needs. The Civil Rights Coordinator is available to the student to assist with questions and provide assistance in filling out the Accommodations Request form. The student will provide a completed Accommodations Request form and documentation of their medical condition to the Civil Rights Coordinator for review. The documentation of a medical condition may be from a licensed medical doctor, psychologist, audiologist, speech pathologist, registered nurse, licensed clinical social worker, marriage and family therapist, rehabilitation counselor, physical therapist, learning disability specialist, or other appropriate health professional. This documentation should verify the medical condition and suggest appropriate accommodations for the student. Once the student has self-disclosed a disability and it has been verified and appropriate accommodation(s) suggested the Campus Director (the Civil Rights Coordinator) will work with the student to determine how the accommodation(s) can be provided. The accommodation(s) will depend on the needs of the particular student and the accommodation(s) suggested or recommended, and can include but are not limited to the following examples: extended time on exams, quiet environment for testing, a reader for exams, oral exams, note taker/faculty notes, Ebooks/Software reader, and ASL interpreter.

If the request for an accommodation is denied, the student is informed of their right to appeal the decision and the necessary steps to file an appeal. To file an appeal the student should supply documentation and/or other evidence to substantiate the need for the denied accommodation(s). The evidence is submitted to the Civil Rights Coordinator with a new accommodation form marked appeal.

DISCRIMINATION GRIEVANCE PROCEDURES

A student initiates the Discrimination Grievance Procedure by contacting the Civil Rights Coordinator for all disability-related complaints and all other complaints alleging discrimination carried out by employees, other students, or third parties. The Civil Rights Coordinator and Campus Director can be reached at the campus contact information located in this catalog. A student's participation in any informal resolution procedures is voluntary and he/she may pursue this formal grievance procedure at any time. The Civil Rights Coordinator or Campus Director or his/her designee will explain the complaint procedures and assist the student in filing a complaint. The complaint need only be a written letter containing allegations that specifically identify the discriminatory conduct, the person(s) who did it, and all witnesses the student believes can support the allegations. A complaint should be made as soon as the student believes he/she has been discriminated against, but no later than within 180 days of the date that the alleged discrimination occurred, or the date on which the student could reasonably have learned of the discrimination.

When a complaint is filed, the Civil Rights Coordinator or Campus Director or his/her designee begins an investigation within 14 days. The student, the accused, and any witnesses they identify are interviewed. Any relevant documents identified by these persons are reviewed. Within 45 days of the complaint, the Civil Rights Coordinator or Campus Director or his/her designee will inform the student and accused in writing of sufficient or insufficient evidence to confirm the student's allegations, state the key facts, reasons why that conclusion was reached, and outline any proposed resolution or corrective action if applicable, subject to any applicable privacy constraints. The student is also notified of the right to appeal the investigation conclusion. An appeal must be made in writing to the Director of Academic Services, who may be reached at the Student Help Line number or email address below within 15 days of receiving notice about the investigation conclusion. Within 15 days of receiving the appeal, the Director of Academic Services will review the matter and provide a decision in writing.

Complaints are investigated in a manner that protects the privacy and confidentiality of the parties to the extent possible. No employee or agent of the School may intimidate, threaten, coerce or otherwise discriminate or retaliate

against any individual because he or she has filed a complaint or participated in the complaint resolution process. If a student believes any such retaliation has occurred, a complaint of retaliation should be filed according to the procedure described above. Everest makes every effort to prevent recurrence of any finding of discrimination and corrects any discriminatory effects on the grievant and others, if appropriate.

If the Civil Rights Coordinator or Campus Director is the subject of the grievance, the student should contact the Student Services Manager at the Student Help Line at (800) 874 0255 or via email at StudentServices@zenith.org. The Student Helpline in consultation with the appropriate Academic Services team member(s) will provide guidance to the student for initiating and submitting their grievance in writing to StudentServices@zenith.org.

CODE OF STUDENT CONDUCT

Everest seeks to create an environment that promotes integrity, academic achievement, and personal responsibility. All Everest schools should be free from violence, threats and intimidation, and the rights, opportunities, and welfare of students, faculty, staff, and guests must be protected at all times.

To this end, Everest Code of Student Conduct sets forth the standards of behavior expected of students as well as the process that must be followed when a student is accused of violating those standards. Reasonable deviations from the procedures contained herein will not invalidate a decision or proceeding unless, in the sole discretion of the School, the deviation(s) significantly prejudice the student.

The Campus Director (or designee) is responsible for appropriately conducting, recording and enforcing the outcome of all disciplinary matters. In addition the Campus Director is responsible for notifying the student of the alleged violation in writing, any sanction to be imposed, provide the student with available information about the violation, and notify the student of his/her right to appeal.

Conduct Affecting On-Campus Safety

Everest and WyoTech will take all appropriate actions to protect the safety and security of our campus community. Every student has the right to fair and reasonable treatment. No one may be excluded on the basis of disability, race, ethnicity, national origin, creed, gender, age, sexual orientation, economic status, or other protected status. A student whose conduct threatens property or the health/safety of any person may be immediately suspended. Examples of such conduct may include:

- Possessing alcohol or other intoxicants, drugs, firearms or other weapons, explosives, dangerous devices, or dangerous chemicals on school premises
- Theft
- Vandalism or misuse of the school's or another's property
- Harassment or intimidation of others, including bullying or cyberbullying
- Endangering yourself or others, infliction of physical harm
- Any other behavior deemed inappropriate by the school

Conduct Affecting Student Learning

Disciplinary action, including suspension/dismissal, may be initiated against any student based upon reasonable suspicion of involvement to commit any of the following:

- Cheating, plagiarism, fabrication or other forms of academic dishonesty
- Falsifying, or altering documents; misusing documents, funds, or school property
- Disruptive actions, including:
 - Use of cell phones or other electronic devices for voice or text communication in the classroom, unless permitted by the instructor
 - Use of any device to make an audio, video, or photographic record of any person while in class, on campus, at off-campus sponsored activities or events, and housing without that person's prior permission
- Failure to comply with school policies or directives
- Any action that interferes with the learning environment or the rights of others

While students have the right to freedom of expression, including the right to dissent, protest, or articulate exception to the material and assessments offered in any course, this expression cannot interfere with the rights of others, hinder instruction, or disrupt the process of the school. Students have a responsibility to express ideas in a safe and respectful manner.

Limitations on Students with Pending Disciplinary Matters

Any student with a pending disciplinary matter shall not be allowed to:

- Graduate or participate in graduation ceremonies; or
- Engage in any other school-related activities determined by the school

Additionally, if a student withdraws from school at any point during the disciplinary process, the student is not eligible for readmission or transfer to another campus prior to resolving the outstanding disciplinary issue. Disciplinary

matters are addressed in accordance with written policies and procedures and follow accreditor standards and expectations.

Inquiry by the Campus Director

If the Campus Director (or designee), in his or her sole discretion, has reason to believe that a student has violated the Code of Student Conduct, the Campus Director (or designee) shall conduct a reasonable inquiry and determine an appropriate course of action. If the Campus Director (or designee) determines that a violation has not occurred, no further action shall be taken.

Conduct that does not Result in Suspension or Dismissal

If the school determines that the student's behavior may have violated this Code, but does not warrant a suspension or dismissal, the school will promptly provide the student with a written warning. Multiple written warnings may result in a suspension or dismissal.

Conduct Resulting in Suspension or Dismissal

If the school determines that a student's behavior should result in a suspension or dismissal, the school will promptly provide the student with a written notice of:

- The conduct resulting in the suspension or dismissal;
- The specific penalty being imposed;
- The student's right to submit a written appeal within five calendar days following the date of the school's suspension or dismissal determination

ALCOHOL AND SUBSTANCE ABUSE STATEMENT

Everest does not permit or condone the use or possession of marijuana, alcohol, or any other illegal drug, narcotic, or controlled substance by students. Possession of these substances on campus is cause for dismissal.

STUDENT USE OF INFORMATION TECHNOLOGY RESOURCES POLICY

IT resources may only be used for legitimate purposes, and may not be used for any other purpose which is illegal, unethical, dishonest, damaging to the reputation of the school, or likely to subject the school to liability. Impermissible uses include, but are not limited to:

- Harassment;
- Libel or slander;
- Fraud or misrepresentation;
- Any use that violates local, state/provincial, or federal law and regulation;
- Disruption or unauthorized monitoring of electronic communications;
- Disruption or unauthorized changes to the configuration of antivirus software or any other security monitoring software;
- Unauthorized copying, downloading, file sharing, or transmission of copyright-protected material, including music;
- Violations of licensing agreements;
- Accessing another person's account without permission;
- Introducing computer viruses, worms, Trojan Horses, or other programs that are harmful to computer systems, computers, or software;
- The use of restricted access computer resources or electronic information without or beyond a user's level of authorization;
- Providing information about or lists of Zenith users or students to parties outside Zenith without expressed written permission;
- Downloading or storing company or student private information on portable computers or mobile storage devices;
- Making computing resources available to any person or entity not affiliated with the school;
- Posting, downloading, viewing, or sending obscene, pornographic, sexually explicit, hate related, or other offensive material;
- Academic dishonesty as defined in the Zenith Code of Student Conduct;
- Use of Zenith logos, trademarks, or copyrights without prior approval;
- Use for private business or commercial purposes.

COPYRIGHT POLICY

It is the intention of Everest to strictly enforce a policy of zero tolerance for copyright violations and to comply with all applicable laws and regulations. Any student who engages in the unauthorized distribution of copyrighted

material, including unauthorized peer-to-peer file sharing, is subject to disciplinary actions by the school, or any applicable actions in conjunction with federal and state law.

SEXUAL HARASSMENT POLICY

Everest is required by Title IX of the Educational Amendments of 1972 and 34 C.F.R. Part Sec. 106.9 not to discriminate on the basis of sex in the educational programs and activities which it operates. Everest strives to provide a safe working and learning environment at all its schools and is committed to creating and sustaining a positive learning environment, free of discrimination, including sexual violence, dating violence, domestic violence and stalking. Such behaviors are prohibited both by law and School policy, and will not be tolerated on any Everest campus. The School will respond promptly to reports of sexual harassment and sexual violence and will take appropriate action to prevent, to correct, and when necessary, to discipline behavior that violates School policy.

Refer to Appendix A for further information.

SANCTIONS

Sanctions should be commensurate with the nature of the student's conduct. All sanctions imposed should be designed to discourage the student from engaging in future misconduct and whenever possible should draw upon educational resources to bring about a lasting and reasoned change in behavior.

Suspension – A sanction by which the student is not allowed to attend class for a specific period of time. Satisfactory completion of certain conditions may be required prior to the student's return at the end of the suspension period. During a period of suspension, a student shall not be admitted to any other Zenith school.

NOTE: Student absences resulting from a suspension shall remain in the attendance record regardless of the outcome of any disciplinary investigation or the decision of the Student Conduct Committee.

Dismissal – A sanction by which the student is withdrawn from school. Such students may only reapply for admission with the approval of the Campus Director. Students dismissed from the school remain responsible for any outstanding balance owed to the school.

APPEAL PROCESS

Students are entitled to appeal any sanction which results in suspension or dismissal. The appeal must be in writing and filed within five (5) calendar days of the date of the written notice. If the student files a timely appeal, the Campus Director (or designee) shall convene a Student Conduct Committee to conduct the hearing. The Committee shall generally include the Campus Director, the Academic Dean/Director of Education, a Program or Department Chair, the Student Services Manager, or a faculty member. The members of the Committee shall select a Chair. If the alleged violation involves allegations of sexual misconduct committed against faculty or staff, the Committee must include a representative from Corporate or Division Human Resources.

The Committee Chair shall timely schedule a hearing date, and provide written notice to the student. The notice must be mailed or otherwise delivered to the student at least two (2) calendar days prior to the scheduled hearing date, and include notice that the student may:

- Appear in person, but is not required to appear
- Submit a written statement
- Respond to evidence and question the statements of others
- Invite relevant witnesses to testify on his/her behalf
- Submit written statements signed by relevant witnesses

Attendance at the hearing is limited to those directly involved or those requested to appear. Hearings are not open to the public and are not recorded.

The Student Conduct Committee shall:

- Provide the student a full and reasonable opportunity to explain his/her conduct
- Invite relevant witnesses to testify or submit signed statements
- Reach a decision based upon the information submitted prior to the hearing and the testimony and information of the student and witnesses at the hearing
- If the student does not appear, or elects not to appear, the Committee may proceed in the student's absence and the decision will have the same force and effect as if the student had been present

The Student Conduct Committee shall issue a written decision to the student within five (5) calendar days of the date of the hearing which may:

- Affirm the finding and sanction imposed by the Campus Director (or designee)
- Affirm the finding and modify the sanction. Sanctions may only be reduced if found to be grossly disproportionate to the offense
- Disagree with the previous finding and sanction and dismiss the matter. A matter may be dismissed only if the original finding is found to be arbitrary and capricious

The decision of the Student Conduct Committee is final, and no further appeal is permitted.

RECORDS OF DISCIPLINARY MATTERS

All disciplinary files shall be kept separate from the student academic files until resolved. Disciplinary files for students who have violated the Code of Student Conduct shall be retained as part of the student's academic file and considered "education records" as appropriate, pursuant to the Family Educational Rights and Privacy Act (FERPA). Disciplinary records shall be retained in the student's academic file permanently and a note shall be included in the official student information system indicating the date of the disciplinary decision and the sanction imposed.

When circumstances warrant, disciplinary matters shall be referred to the appropriate law enforcement authorities. Additionally, disciplinary records shall be reported to third parties as applicable (e.g. Veteran's Administration).

STUDENT GRIEVANCE PROCEDURE

You may bring a complaint against the School and initiate the School's Internal Dispute Resolution procedure by filing a written complaint with your academic advisor. The academic advisor will attempt to provide a decision or resolution within 15 days. If you are not satisfied with your academic advisor's resolution of your complaint, you may appeal his/her decision to the Campus Director. You may then appeal the President's decision to the Provost of Zenith Education Group. If you are not satisfied with the outcome of the internal dispute procedure, you have the option of submitting your claim to arbitration pursuant to the School's Dispute Resolution Policy that was provided at the time of enrollment. You may also obtain a copy of the Internal Dispute Resolution Policy from your academic advisor. You may also, or alternatively, contact the Student Helpline at any time, at (800) 874-0255 or email at studentservices@zenith.org. A student filing a grievance will not be subject to adverse or unfair actions by any school official as the result of initiating the grievance.

If a student feels that the School has not adequately addressed a complaint or concern, the student may also consider contacting the Accrediting Commission of Career Schools and Colleges. All complaints considered by the Council must be in written form, with permission from the complainant(s) for the Council to forward a copy of the complaint to the school for a response. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Council. Please direct all inquiries to:

A person claiming pecuniary loss as a result of a deceptive trade or sales practice, pursuant to C.R.S. § 12-59-117, must be filed within two years after the student discontinues training at the school, or any time prior to the commencement of training. Complaints of deceptive trade or sales practices do not have to be filed with the school prior to filing with the state.

DRESS CODE

Students must adhere to the campus dress code standards and are expected to dress in a manner that would not be construed as detrimental to the student body, the educational process or wear any clothing which has expressed or implied offensive symbols or language. Students should always be cognizant of the first impression of proper dress code and grooming, and note that Everest promotes a professional atmosphere. In addition, students may be required to wear uniforms that present a professional appearance.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records*. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the institution receives a request for access.

A student should submit to the Registrar's Office a written request that identifies the record(s) the student wishes to inspect. The Registrar will make arrangements for access and will notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, the Registrar shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the institution to amend a record should write to the Registrar, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the institution decides not to amend the record as requested, the institution will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the institution discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The institution discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the institution in an administrative, supervisory, academic, research or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the institution who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the institution.

Upon request, the institution also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Everest is committed to the protection of student education information. While Everest does not publish a student directory, from time to time the school publishes communications, such as graduation and honor roll lists, that include Everest-designated directory information. Everest expressly limits its designated directory information to students' names, graduation dates, programs of study, degrees, diplomas, certificates and honors/awards received. A student who wishes not to be included in the campus publications referenced above must obtain an Opt-Out form from the Registrar's Office and submit the completed form to the Registrar.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202

STUDENT RECORDS

All student academic records are retained, secured, and disposed of in accordance with local, state, and federal regulations. Everest maintains complete records for each student, including grades, attendance, prior education and training, placement, financial aid and awards received. Student records should be maintained on campus for six years.

TRANSCRIPT AND DIPLOMA RELEASE

Student academic transcripts are available upon written request by the student. Student records may be released only to the student or his/her designee as directed by the Family Educational Rights and Privacy Act of 1974.

Transcript and diploma requests must be made in writing to the Office of the Registrar. Students who are current with their financial obligation to the campus, and students who owe the campus an outstanding balance of \$1,500 or less, may obtain an official transcript by submitting a completed **Transcript Request Form** to the campus Registrar. Students who have outstanding balances above \$1,500 may receive an unofficial copy of their transcript.

Upon graduation, all students who are current with their financial obligation to the campus will receive their diploma.

CAMPUS SECURITY AND CRIME AWARENESS POLICIES

As required by Public Law 101-542, as amended by Public Law 102-325, Title II, Crime Awareness and Campus Security Act of 1990, Section 294, Policy and Statistical Disclosures, Everest has established policies regarding campus security.

Everest strives to provide its students with a secure and safe environment. Classrooms and laboratories comply with the requirements of the various federal, state and local building codes, with the Board of Health and Fire Marshal regulations. Most campuses are equipped with alarm systems to prevent unauthorized entry. Facilities are opened each morning and closed each evening by administrative personnel.

In emergency situations, students should call 911 for an immediate response from the local law enforcement agency. Thereafter, the crime should be reported to the Campus Director (or designee). In non-emergency situations, the crime should be reported as soon as possible to the Campus Director (or designee) and the local law enforcement agency. All students are encouraged to report all crimes and public safety incidents to the Campus Director (or designee) in a timely manner. The Campus Director (or designee) shall document each incident reported and determine an appropriate response based on the nature of the incident. All victims of crime that occur on campus shall be provided with the opportunity to report the incidents to the local law enforcement authority.

Students are responsible for their own security and safety both on-campus and off-campus and must be considerate of the security and safety of others. The school has no responsibility or obligation for any personal belongings that are lost, stolen or damaged, whether on or off school premises or during any school activities.

On May 17, 1996, the President of the United States signed Megan's Law into federal law. As a result, local law enforcement agencies in all 50 states must notify schools, day care centers, and parents about the presence of dangerous offenders in their area. Students are advised that the best source of information on the registered sex offenders in the community is the local sheriff's office or police department. The following link will provide you with a list of the most recent updated online information regarding registered sex offenders by state and county: <http://www.fbi.gov/hq/cid/cac/register.htm>.

DRUG-FREE SCHOOLS POLICY

The Drug-Free Schools and Communities Act of 1989, Public Law 101-226, requires institutions receiving financial assistance to implement and enforce drug prevention programs and policies. Students shall receive a copy of the Drug-Free Schools/Drug-Free Workplace Annual Disclosure upon enrollment, and thereafter no later than January 31st of each calendar year they are enrolled. The information and referral line that directs callers to treatment centers in the local community is available through Student Services.

Everest prohibits the manufacture and unlawful possession, use or distribution of illicit drugs or alcohol by students on its property and at any school activity. If students suspect someone to be under the influence of any drug or alcohol, they should immediately bring this concern to the attention of the Academic Dean/Director of Education or Campus Director. Students who violate the school's prohibitions against alcohol, controlled substances, and drugs are subject to disciplinary action up to and including dismissal from the school. Information on the disciplinary process may be found in the school catalog. When circumstances warrant, a violation of this policy may also be referred to the appropriate law enforcement authorities.

In certain cases, students may be referred to counseling sources or substance abuse centers. If such a referral is made, continued enrollment is subject to successful completion of any prescribed counseling or treatment program.

STATISTICAL INFORMATION

Everest is required to report to students the occurrence of various criminal offenses on an annual basis. On or before October 1st of each year, the school will distribute a security report to students containing the required statistical information on campus crimes committed during the previous three years. A copy of this report is available to prospective students upon request.

CAMPUS COMPLETION RATE REPORTS

Under the Student Right to Know Act (20 U.S.C. § 1092(a)), Everest is required to annually prepare completion or graduation rate data respecting the institution's first-time, full-time undergraduate students (34 CFR 668.45(a)(1)). Everest is required to make this completion or graduation rate data readily available to students approximately 10 months after the 150% point for program completion or graduation for a particular cohort of students. This completion rate report is available to students and prospective students upon request.

STUDENT SERVICES

ORIENTATION

New students participate in an orientation program prior to beginning classes. This program is designed to acquaint students with the policies of the school and introduce them to staff and faculty members who will play an important part in the students' academic progress.

HEALTH SERVICES

Everest does not provide health services.

HOUSING

Everest does not provide on-campus housing; however, it does assist students in locating suitable housing off campus. For a list of available housing, students should contact the Student Services Department.

TUTORING

Tutoring is available to students as needed; a student needing tutoring should talk to their instructor or program director to set it up.

STUDENT ADVISING

Academic advising is coordinated by the Academic Dean/Director of Education and includes satisfactory academic progress and attendance. The Registrar and Academic Program Directors serve as advisors and assist students in course selection and registration, dropping and adding courses, change of major, and meeting graduation requirements.

EVEREST CARE PROGRAM

The Everest CARE Student Assistance program is a free personal-support program for our students and their families. This program provides enrolled students direct and confidential access to professional counseling. For more information, please visit the website <http://www.everestcares.com> or call (888) 852-6238.

PLACEMENT ASSISTANCE

Everest maintains an active Career Services Office to assist graduates in locating entry-level, educationally related career opportunities. The Career Services Office works directly with business, industry, and advisory board members to assist all students with access to the marketplace. Everest does not, in any way, guarantee employment. It is the goal of the Career Services Office to help all students realize a high degree of personal and professional development and successful employment. Specific information on job opportunities and basic criteria applicable to all students and graduates utilizing placement services is available in the Career Services Offices.

DIPLOMA PROGRAMS

DENTAL ASSISTANT

Diploma Program

33 Weeks, 760 Hours – 48 Quarter Credits

V 1.0

The goal of the Dental Assistant program is to provide graduates with the skills and knowledge that will enable them to qualify for entry-level positions as dental assistants. Since they are trained in clinical and radiographic procedures, their services are also sought by general dentists, and dental office facilities specializing in pedodontics, orthodontics, endodontics and other specialties, dental schools, dental supply manufacturers, hospital dental departments, dental laboratories and dental insurance companies.

The objective of the Dental Assistant program is to provide students with the appropriate didactic theory and hands-on skills required and necessary to prepare them for entry-level positions as dental assistants in today's modern health and dental care offices, dental clinics, and facilities. Students will study diagnostic and procedural terminology as it relates to the accurate completion of dental examinations, procedures, and daily tasks.

The combination of introduced skills taught in this program, will prepare students for the ever-changing field of dentistry and orthodontics. Students study dental radiography, dental sciences, operatory dentistry, laboratory procedures, dental anatomy and orthodontics, and dental health.

Completion of the Dental Assistant program, including the classroom training and externship, is acknowledged by the awarding of a diploma.

Major Equipment: Air Compressor, Amalgamators, Autoclave, Automatic and Manual Processing Equipment, Dental Unit and Chairs, DXXTR Manikins, Handpieces, Model Trimmers, Model Vibrators, Oral Evacuation Equipment, Ultrasonic Units, X-ray Units, Water Retrieval Manikins

<p>Module A – Dental Office Emergencies and Compliance</p> <p>In this module, students are introduced to Occupational Safety and Health Administration (OSHA) Standards for infection control and hazard communication. Topics include microbiology, contagious diseases concerning the dental team, universal precautions, protective barrier techniques and handling hazardous chemicals in the dental environment. Students practice step-by-step instrument decontamination and operatory disinfection utilizing approved sterilization agents and methods. Methods for taking and recording vital signs and blood pressure are introduced. Students will become certified in CPR for the Healthcare Provider and be instructed on how to manage emergencies that may occur in the dental office. Basic concepts of psychology and communication are discussed with emphasis on helping dental patients overcome anxieties related to dental treatment. Special considerations for the medically and physically compromised patients are presented. Pharmacology in the dental office is introduced for a basic understanding in this area. Students are also introduced to basic anatomy and tooth morphology. Related spelling and terminology is studied throughout the module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0</p>	<p>6.0 Quarter Credits</p>
---	-----------------------------------

Module B – Dental Radiography**6.0 Quarter Credits**

Radiation protection and the hazards of X-ray radiation are studied. Emphasis is placed on maintaining radiation safety while obtaining the best possible diagnostic quality on dental radiographs. Students are also introduced to digital radiography. Theory, laboratory skills and clinical practice meet state guidelines for radiation safety and comply with federal regulations for certifying radiographic operators. Students practice techniques of film exposure and mounting in equipped dental operatories with industry-approved structural and monitoring devices. Exposure techniques include periapical and bitewing x-rays using the bisecting and parallel techniques and are performed on a patient simulator manikin. Students process film using an automatic processor or digital radiology. Students are also required to mount processed radiographs and to evaluate the diagnostic quality according to established criteria. Students retake non-diagnostic films understanding and following the ALARA concept. Professional responsibilities regarding the state radiation safety certificate are introduced as well as quality assurance and infection control. Occupational Safety and Health Administration (OSHA), standards for infection control, and hazard communication are discussed. Toward the end of the module, students explore front office techniques using the Dentrix software. Related dental terminology is also taught. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0.

Module C – Dental Specialties**6.0 Quarter Credits**

In this module, students study skills performed by the dental assistant in the specialty areas of Dental Implants, Endodontics, Periodontics, Oral and Maxillofacial Surgery and Pedodontics. Additionally, procedures for the administration of topical and local anesthetics are discussed. Students practice acquired skills on training manikins (Typodonts), passing instruments, setting up the operatories and manipulating materials. Related dental terminology is studied as well as basic anatomy of the head and teeth. Students are introduced to the history and dental profession highlighting dental ethics. Occupational Safety and Health Administration (OSHA), standards for infection control, and hazard communication are discussed. Related spelling and terminology is studied throughout the module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0.

Module D – Operatory Dentistry**6.0 Quarter Credits**

This module introduces students to chair-side assisting duties and techniques practiced in general dentistry with emphasis on four-handed dentistry. Students learn how to handle and transfer dental instruments and place materials on models. Properties and manipulation of common dental materials, including amalgam, composites, liners, bases and other bonding systems are presented. Students practice required procedures such as placement, wedging and removal of Tofflemire retainers and other matrices. Procedures to include placement of cement bases and liners, and placement of temporary sedative dressing on Typodont manikins are also practiced. Students are introduced to basic anatomy of the head and teeth. Occupational Safety and Health Administration (OSHA), standards for infection control, and hazard communication are discussed. Related spelling and terminology is studied throughout the module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0.

Module E – Laboratory Procedures**6.0 Quarter Credits**

In this module, students receive hands-on training in taking impressions and constructing study and master casts. Students are exposed to a variety of impression and gypsum materials and procedures for their use. The casts are then used to practice dental procedures such as the fabrication of custom trays and temporary crowns. Prosthodontics as a specialty is presented with instruction in crown and bridge procedures and full and partial dentures. Students will learn the various dental cements used for prosthodontics and their proper manipulation techniques. Students are introduced to the various types of mouth guards such as night-guards, sports guards and bleaching trays. Laboratory safety and infection control are presented. Students learn Occupational Safety and Health Administration (OSHA), standards for infection control, and hazard communication. Students are introduced to front office procedures utilizing related front office software. Related dental terminology is studied. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0.

Module F – Dental Anatomy and Orthodontics**6.0 Quarter Credits**

This module focuses on orthodontics as a specialty as well as dental anatomy and general human anatomy. Students receive hands-on training in practicing orthodontic measurements, placement of separators and sizing bands and placement and ligation of arch wires. Theory on orthodontic assistant duties, office routine and malocclusion classifications are presented. In addition, students learn to chart the oral conditions of patients in compliance with state guidelines for mouth mirror inspection. Introduction of tooth morphology, oral structures, and oral pathology are presented. HIPAA regulations are introduced with emphasis on protection of patient's privacy and how dental health professionals must follow these regulations. Students also discuss job readiness and explore marketing themselves for future employment. Students learn Occupational Safety and Health Administration (OSHA), standards for infection control, and hazard communication. Related spelling and terminology is studied throughout the module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0.

Module G – Dental Health**6.0 Quarter Credits**

In this module the specialty area of periodontics are studied with an emphasis in preventive dentistry and nutrition. Students will receive a foundational understanding of dental caries. Related areas of dental sealants and fluorides are presented. Coronal polish theory and procedures are taught and practiced on manikins. Pit and fissure sealants theory and procedures are taught and practiced on typodonts. Students are introduced to basic anatomy of the head and teeth. Students are introduced to oral pathology which includes oral cancers and various oral lesions. HIV/AIDS is covered with an emphasis on understanding the causes, modes of transmission, and the practice of universal standard precautions. Students learn Occupational Safety and Health Administration (OSHA), standards for infection control, and hazard communication. Related spelling and terminology is studied throughout the module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0.

Module X – Dental Assistant Externship**6.0 Quarter Credits**

This module is 200 hours of unpaid, supervised, practical in-service in a dental office or clinic in which the student practices direct application of all administrative and clinical functions of dental assisting. Prerequisite: Completion of Modules A-G. Lecture Hours: 0.0 Lab Hours: 0.0 Other Hours: 200.0.

MASSAGE THERAPY

Diploma Program

36 Weeks – 750 Hours – 55 Quarter Credits

V 3.2

The Massage Therapy program is designed to provide the student with the necessary tools required to successfully enter the massage industry. Whether it is a day spa, physician's office, health club, or resort, graduates of this program will have acquired all the tools needed to thrive in this exciting new career.

Program Description: This 750-hour program consists of one pre-requisite course, eight self-contained units of learning called modules, and a 30 hour clinic, which the student must complete before they graduate. Each student must successfully complete the pre-requisite course before moving on to any one of the remaining modules in the program. Topics included in this program are anatomy and physiology, introduction to principles and practices of massage therapy, massage fundamentals, massage and bodywork, pathology, business, ethics, success skills, and health and wellness. Upon the successful completion of this program, graduates will have received the education necessary to attain a career in one of the most engaging and exciting fields today. The graduate may work in an entry-level position as a Massage Therapist in a variety of health care facilities, including, but not limited to, a massage clinic, hospital, chiropractic office, nursing home, health club, spa, resort, or in private practice. Massage Therapists may be employed in urban, suburban, and rural areas.

Objectives: The Massage Therapy program provides the student with the theory and hands-on applications required to perform the following tasks:

1. Be knowledgeable and competent in the performance of various forms and types of massage and in the use of hydrotherapy.
2. Be knowledgeable in the study of anatomy and physiology and as such, be familiar with exercise programs and therapeutic massage that can help in caring for conditions affecting different body systems.
3. Be knowledgeable and competent in the performance and use of techniques to help specific problems such as neck, back, sciatic pain, relaxation, stress reduction, and muscle spasms.
4. Be acquainted and competent in various allied modalities currently being practiced in the field of massage therapy.

NOTE: Applicants to the Massage Therapy program must be legal residents of the United States and pass a background check. In order to practice massage therapy in the state of Colorado, students must pass the National Certification Exam for Therapeutic Massage and Bodywork.

MEDICAL ASSISTANT

Diploma Program

41 Weeks, 920 Hours – 60 Quarter Credits

V 2.0

The Medical Assistant program (diploma) is designed to prepare students for entry-level positions as medical assistants in a variety of health care settings. Students study the structure and function of the major body systems in conjunction with medical terminology, diagnostic and therapeutic procedures, computer skills, administrative processes, bookkeeping and accounting practices, and the processing of medical insurance forms and claims.

The goal of the Medical Assistant diploma program is to prepare competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains required and necessary to prepare them for entry level positions such as clinical or administrative assistant, medical receptionist, and medical insurance biller. Students study the structure and function of the major body systems in conjunction with medical terminology, diagnostic and therapeutic procedures, computer skills, administrative processes, bookkeeping and accounting practices, and the processing of medical insurance forms and claims.

Note: Graduates from a Medical Assistant program that is accredited by either ABHES (Accrediting Bureau of Health Education Schools) or CAAHEP/MAERB (Commission on Accreditation of Allied Health Education Programs/Medical Assisting Education Review Board) are immediately eligible to sit for the RMA Exam (Registered Medical Assistant), CMA Exam (Certified Medical Assistant), NCMA Exam (National Certified Medical Assistant) and CCMA Exam (Certified Clinical Medical Assistant) exams. Candidates who pass the exam are considered Registered Medical Assistants (RMA), Certified Medical Assistants (CMA), National Certified Medical Assistants (NCMA), or Certified Clinical Medical Assistants (CCMA) depending on which certification exam they take.

Graduates of campuses where the Medical Assistant program is not accredited by either ABHES or CAAHEP/MAERB, but are institutionally accredited are immediately eligible to sit for the RMA Exam (Registered Medical Assistant), NCMA Exam (National Certified Medical Assistant) and CCMA Exam (Certified Clinical Medical Assistant) exams.

Module HCIN - Introduction to Healthcare Profession	6.0 Quarter Credits
<p>This course is designed to provide an introduction to the healthcare profession for new students starting an allied health diploma program. Students will learn the basics of medical terminology, anatomy and physiology, infection control, HIPAA, and OSHA. Additional topics covered include professional codes of ethics, medical insurance and billing, keyboarding, computer applications, basic mathematical skills, and critical professionalism skills are also taught. Students will have the opportunity to learn program-specific topics throughout the course. CPR certification is also included in the course. Prerequisite: None Lecture Hours: 40 Lab Hours: 40</p>	
Module A - Integumentary, Sensory, and Nervous Systems, Patient Care and Communication	6.0 Quarter Credits
<p>Module A emphasizes patient care, including physical examinations and procedures related to the eyes and ears, the nervous system, and the integumentary system. Students will have an opportunity to work with and review patient charts and perform front office skills related to records management, appointment scheduling, and bookkeeping. Students gain skills in communication (verbal and nonverbal) when working with patients both on the phone and in person. Students develop working knowledge of basic anatomy and physiology of the special senses (eyes and ears), nervous and integumentary system, common diseases and disorders, and medical terminology related to these systems. Students check vital signs, obtain blood samples, and prepare and administer injections. Also introduced are strategies for dealing with change, setting goals, and getting motivated. Students learn how to prepare an attractive business letter, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: HCIN Lecture Hours: 40 Lab Hours: 40</p>	
Module B - Muscular System, Infection Control, Minor Office Surgery, and Pharmacology	6.0 Quarter Credits
<p>Module B stresses the importance of asepsis and sterile technique in today's health care environment, along with the proper use of personal protective equipment. Students learn about basic bacteriology and its relationship to infection and disease control. Students identify the purpose and expectations of the Occupational Health and Safety Administration (OSHA) and the Clinical Laboratory Improvement Amendments (CLIA) regarding disease transmission in the medical facility. Students study basic math concepts to prepare for medication dosage calculations. Students learn the principles and various methods of administering medication. Basic pharmacology and the uses, inventory, classification, and effects of therapeutic drugs are included. Students participate in the positioning and draping of patients for various examinations and prepare for assisting with minor office surgical procedures. Students gain knowledge of basic anatomy and physiology of the muscular system, common diseases and disorders, and medical terminology related to this system. Students check vital signs, obtain blood samples, and prepare and administer injections. Also introduced are strategies for setting and accomplishing personal goals, along with how to succeed in accomplishing these goals. Students describe how to handle numbers, symbols, and abbreviations in transcribed material and demonstrate increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: HCIN Lecture Hours: 40 Lab Hours: 40</p>	
Module C - Digestive System, Nutrition, Financial Management, and First Aid	6.0 Quarter Credits
<p>Module C introduces students to the health care environment, office emergencies, and first aid, with an emphasis on bandaging techniques for wounds and injuries. Students will discuss types of disasters and the medical assistant's role in emergency preparedness and assisting during and after a disaster. Students learn bookkeeping procedures, accounts receivable and payable, financial management, banking, and check-writing procedures essential to the successful operation of the medical office. Students study the administrative and clinical uses of the electronic health record. Students develop working knowledge of good health, nutrition, weight control, and strategies in promoting good health in patients. They acquire knowledge of basic anatomy and physiology, common diseases and disorders, and medical terminology of the digestive system. Students check vital signs, obtain blood samples, and prepare and administer injections. They are introduced to strategies for building active reading and comprehension skills, along with techniques for managing time. Students practice transcribing accurate medical record notes and correcting erroneous entries, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: HCIN Lecture Hours: 40 Lab Hours: 40</p>	

Module D - Cardiopulmonary Systems, Vital Signs, Electrocardiography, and CPR 6.0 Quarter Credits

Module D examines the circulatory and respiratory systems, including the structure and function of the heart and lungs, along with diseases, disorders, diagnostic tests, anatomy and physiology, and medical terminology associated with these systems. Students apply knowledge of the electrical pathways of the heart muscle in preparation for applying electrocardiography leads and recording a 12-lead electrocardiogram (ECG). Students receive instruction in cardiopulmonary resuscitation (CPR) and the use of an automated external defibrillator (AED), which enables them to respond to cardiac emergencies. Students check vital signs and differentiate between normal values for pediatric and adult patients. Students obtain blood samples and prepare and administer injections. Students will discuss how to apply critical and creative thinking skills to analyzing and problem solving in the workplace and everyday life. Students study the preparation of a History and Physical examination report, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: HCIN Lecture Hours: 40 Lab Hours: 40

Module E - Urinary, Blood, Lymphatic, and Immune Systems and Laboratory Procedures 6.0 Quarter Credits

Module E introduces microbiology and laboratory procedures commonly performed in a physician's office or medical clinic. Students learn specimen identification, collection, handling and transportation procedures and practice venipuncture and routine diagnostic hematology. Maintenance and care of laboratory equipment and supplies are discussed. Students gain working knowledge of radiology and nuclear medicine, in addition to various radiological examinations and patient preparation for these exams. Anatomy and physiology of the urinary system and the body's immunity, including the structure and functions, as well as common diagnostic exams and disorders related to these systems, is presented. Students perform common laboratory tests, check vital signs, and perform selected invasive procedures. Students learn essential medical terminology related to the body systems and topics introduced in the module. Students learn the skills involved in organizing and writing a paper. Students transcribe miscellaneous medical reports, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: HCIN Lecture Hours: 40 Lab Hours: 40

Module F - Endocrine, Skeletal, and Reproductive Systems, Pediatrics, and Geriatrics 6.0 Quarter Credits

Module F covers general anatomy and physiology, including an overview of the study of biology and the various body structures and systems. This module also examines the anatomy, physiology, and functions of the skeletal, endocrine, and reproductive systems, along with medical terminology associated with these systems. Students learn about child growth and development. They develop working knowledge of the skills necessary to assist in a pediatrician's office and learn the important differences that are specific to the pediatric field. Some of the skills students learn in this area are height and weight measurements and restraining techniques used for infants and children. They check vital signs, assist with diagnostic examinations and laboratory tests, and instruct patients regarding health promotion practices. Students gain knowledge of signs and symptoms of possible child abuse or neglect. Students also become familiar with human development across the life span. They will discuss normal and abnormal changes that are part of the aging process and the medical assistant's responsibilities related to the older person. Students check vital signs, obtain blood samples, and prepare and administer injections. Students discuss the importance of the ability to compose business documents and reports and practice composing business documents and e-mails. Students demonstrate increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: HCIN Lecture Hours: 40 Lab Hours: 40

Module G - Medical Law, and Ethics, Psychology, and Therapeutic Procedures **6.0 Quarter Credits**

Module G covers the history and science of the medical field, as well as the medical assisting profession. Students gain working knowledge of concepts related to patient reception in the medical office and preparing for the day. They discuss the importance of professional behavior in the workplace. Students learn what it takes to become an office manager and the responsibilities an office manager has to the office, the staff, and the physician. Students are introduced to medical office safety, security, and emergency provisions. They study how to maintain equipment and inventory. The functions of computers in the medical office are discussed. Students also talk about the role ergonomics plays in the health of the staff and patients. Students learn how to provide mobility assistance and support to patients with special physical and emotional needs, and various physical therapy modalities are discussed. Also introduced are the basic principles of psychology, psychological disorders, diseases, available treatments, and medical terminology related to mental and behavioral health. Medical law and ethics in relation to health care are discussed. Skills and attitudes necessary for success in the workforce are introduced, along with how to create a résumé, and follow through with the job search. Students check vital signs, obtain blood samples, and prepare and administer injections. Students demonstrate increasing speed and accuracy on the computer keyboard and build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: HCIN Lecture Hours: 40 Lab Hours: 40

Module H – Health Insurance Basics, Claims Processing, and Computerized Insurance Billing **6.0 Quarter Credits**

Module H introduces students to insurance billing and provides an in-depth exposure to diagnostic and procedural coding. Students gain working knowledge of the major medical insurances and claims form processing. They are introduced to types and sources of insurance, health insurance basics, traditional insurance plans, managed care, Medicare, Medicaid, military carriers, and Worker's Compensation and Disability insurance. This module covers the format of the ICD-9-CM manual, the CPT-4 and HCPCS manuals, and their relationship to the process of insurance claims submission. Patient expectations of the medical practice in regard to billing and collections and patient confidentiality are covered. Students gain knowledge of how to enter patient information and schedule appointments electronically, along with processing insurance claims both manually and electronically. Students continue to develop basic clinical skills by taking vital signs, obtaining blood samples, and preparing and administering injections. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: HCIN Lecture Hours: 40 Lab Hours: 40

Module X - Medical Assistant Externship **6.0 Quarter Credits**

Upon successful completion of all modules, medical assisting students participate in a 200-hour externship at an approved facility. The externship provides the student an opportunity to apply principles and practices learned in the program and utilize entry-level medical assisting skills in working with patients. Medical Assisting Diploma Program externs work under the direct supervision of qualified personnel at the participating externship sites, and under general supervision of the school staff. Supervisory personnel at the site evaluate externs at 100- and 200-hour intervals. Completed evaluation forms are placed in the students' permanent records. Students must successfully complete their externship experience in order to fulfill requirements for graduation. Prerequisite: HCIN, Modules A-H Lecture Hours: 0 Lab Hours: 0 Extern 200

MEDICAL ADMINISTRATIVE ASSISTANT

Diploma Program

33 Weeks, 760 Hours – 48 Quarter Credits

V 1.0

The objective of the Medical Administrative Assistant program is to prepare students for entry-level positions as medical administrative assistants in a variety of health care settings. Students study various administrative procedures related to the medical office. Students will learn accounting functions essential to a medical environment, set up patient records and maintain all filing and record keeping, basics of coding with CPT and ICD-9 codes, preparation and processing insurance claims, dictation and transcription, correspondence and mail processing and computerized practice management.

The Medical Administrative Assistant program is designed to prepare students for entry-level positions as medical administrative assistants in a variety of health care settings. Students study various administrative procedures related to the medical office, including patient processing and assessment, processing medical insurance claims, bill collections, and general office procedures utilized in various medical offices. In addition to acquiring manual and hands-on administrative skills, the program is designed to teach students computer and keyboarding skills which enables them to become familiar with the computerized technology that is becoming more visible in the 21st century medical office environment.

The medical professionals have come to rely upon well-trained medical administrative assistants for their ability to handle managed-care insurance claims and the general financial functions of the medical office. This diploma prepares the graduate to fill entry-level positions in all medical facilities and insurance companies.

The program is divided into eight learning units called modules. Student must first complete the HCIN module. After completing HCIN, a student can start with any other module A through F and continue in any sequence until all seven modules are successfully completed. Modules A through F stands alone as units of study and is not dependent upon previous training. If students do not complete any portion of one of these modules, the entire module must be repeated. Upon successful completion of modules HCIN through F, students participate in a 200-clock hour externship (Module X). Completion of the Medical Administrative Assistant program is acknowledged by the awarding of a diploma.

V 5.2

The Associate of Applied Science in Business program is offered to students whose career goals require a broad knowledge of the functional areas of business. All students will take coursework in the areas such as accounting, general business, management, marketing, human resources, computer applications, ethics, project management and business law. In addition students will serve an internship in order to directly apply the learned competencies in a functioning business environment. All courses are developed to engage the student with active, project-based learning including active use of technology and community resources where appropriate. The Associate's program actively incorporates key skills, practices and applications needed in the workplace and sought by employers. In addition to the interpersonal communication's course, most course activities will encourage students to work in groups and give presentations in the campus classroom setting, Students will find their curriculum is organized to sequence the appropriate courses and prerequisites towards their Associates degree and goals of a career in business. The Associate's program prepares students for entry-level careers in fields such as business administration, marketing, human resources, operations, accounting and sales.

COMPUTER INFORMATION SCIENCE
Associate of Applied Science Degree
 24 Months – 96 Quarter Credits

V 2.0

The **Associate of Applied Science Degree** in Computer Information Science is designed to provide the student with hands-on training in the latest data communications and computer operations technologies. Students must complete 52 credits in the Programming major core in order to complete the concentration.

Prerequisite courses may be taken as a co-requisite with the permission of the Program Chair or Academic Dean. Students who have prior/similar course work, extensive work/practical experience and/or appropriate certifications may be eligible to take the prerequisite as a co-requisite as designated by the College catalog.

Network Administration

The Network Administration concentration enables students to build a solid foundation in the key technologies that drive many of today's corporate networks. Students in this concentration will gain hands-on experience with the hardware and software used in personal computers, learn to manage and direct network traffic, and develop system support skills that focus on installing, administering, and troubleshooting commonly used network hardware and software. This concentration helps prepare graduates for careers as Network Administrators, Network Technicians, Help Desk Technicians, PC Support Specialists, Technical Support Representatives, and more.

CRIMINAL JUSTICE
Associate of Applied Science Degree
 24 Months – 96 Quarter Credits

V 1.0

The Criminal Justice program includes a comprehensive study of the national criminal justice system, correctional organizations, and law enforcement agencies. Students learn the nature and extent of crime and delinquency and the cause and explanation of criminal behavior. Additional areas of study include rules of evidence, basic investigative techniques and the philosophy of criminal law. The Criminal Justice program is designed to prepare graduates for entry-level career opportunities in probation, corrections, law enforcement and/or security.

COURSE DESCRIPTIONS

COURSE NUMBERING SYSTEM

This institution uses the following course numbering system:

- 000--099 Preparatory courses
- 100--2999 Lower division (first and second year) courses

Students enrolled in Associate Degree programs take courses in the lower division. The letters that accompany the numbering system normally refer to the course subject matter, such as MAN = management. The numbers that follow the course prefix increase in sequence to indicate a more in-depth and complex level of the particular subject area.

The following course descriptions are for all courses offered by the College. Each course is periodically reviewed to assure relevance and inclusion of current business practices. All courses are offered at least once per academic year ensuring their availability for students so that they may complete their programs and achieve their planned graduation date. Students who fail or withdraw from classes will have to complete required courses when next offered.

ACG 2021 – Introduction to Corporate Accounting	4 Quarter Credits
This course defines financial accounting objectives and their relationship to business. Students are introduced to the fundamental principles of accounting and the accounting cycle as it applies to corporations. Prerequisite: APA 2121. Lecture Hours: 40 Lab Hours: 0	
ACG 2178 – Financial Statement Analysis	4 Quarter Credits
The basics of financial statement analysis in directing a firm's operations are covered in this course. The student will gain an understanding of how funds are acquired in financial markets and the criteria used by investors in deciding where to place their funds. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
ACG 2551 – Non-Profit Accounting	4 Quarter Credits
In this course the student explores accounting systems unique to non-profit organizations. Accounting principles for hospitals and educational organizations are examined. Prerequisite: ACG 2021. Lecture Hours: 40 Lab Hours: 0	
ACO 1806 – Payroll Accounting	4 Quarter Credits
This course provides students with a working knowledge of payroll laws, principles, practices, methods and systems. Students gain hands-on experience performing the payroll function. Prerequisite: APA 2111. Lecture Hours: 30 Lab Hours: 20	
AML 2000 – Introduction to American Literature	4 Quarter Credits
This course concentrates on the major writers of Modern American literature. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
APA 2111 – Principles of Accounting I	4 Quarter Credits
Accrual accounting based upon generally accepted accounting principles is stressed in this course. Analysis of income statement procedures, computerized accounting applications and the accounting cycle are highlighted. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
APA 2121 – Principles of Accounting II	4 Quarter Credits
This course emphasizes accounting theory and applications as they apply to the accounting cycle. Various aspects are explored in depth including cash analysis, bank statement reconciliation, bad debt, accounts receivable, notes receivable, accounts payable, notes payable, various methods of inventory pricing. Prerequisite: APA 2111. Lecture Hours: 40 Lab Hours: 0	
APA 2141 – Computerized Accounting	4 Quarter Credits
This course emphasizes the practical application of fundamental accounting principles through the use of automated accounting software. Students will gain experience in integrated software designed to handle general ledger, accounts payable, accounts receivable, financial statement analysis, fixed assets, sales order processing, inventory, and payroll. Prerequisite: APA 2121. Lecture Hours: 30 Lab Hours: 20	
APA 2161 – Introductory Cost/Managerial Accounting	4 Quarter Credits
This course examines the development and operation of cost accounting systems. Topics include basic cost concepts and product costing techniques including job-order, process costing, and standard costing with emphasis on managerial application. Prerequisite: APA 2121. Lecture Hours: 40 Lab Hours: 0	

BUL 2131 – Applied Business Law	4 Quarter Credits
This course provides students with essential information specific to the nature of law and the functions of the judicial system within a business environment. Students will examine and review the legal characteristics of sole proprietorships, partnerships, and corporations. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CCJ 1017 – Criminology	4 Quarter Credits
The study of crime and causes of crime, the types of crime, and crime prevention strategies and society's response to crime. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CCJ 1020 – Introduction to Criminal Justice	4 Quarter Credits
This course provides an overview and introduction to criminal justice. Focus on the nature of crime, law and criminal justice, the Police and Law Enforcement, the makeup of the courts, the adjudication system, the issues facing police, corrections, and a review of the nature and history of the juvenile justice system. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CCJ 1910 – Career Choices in Criminal Justice	4 Quarter Credits
This course provides an overview of employment in the criminal justice field. Topics include careers in criminal justice, the economy and job market, professional skills required to work in the criminal justice field, the culture of law enforcement, and the political nature of the criminal justice system. Prerequisite: CCJ 1020. Lecture Hours: 40 Lab Hours: 0	
CCJ 2358 – Criminal Justice Communications	4 Quarter Credits
This course will introduce the students to proper communication techniques within the community and the law enforcement environment. Interviewing techniques; written communication, report writing; and testimony will be a part of this course. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CCJ 2501 – Juvenile Justice	4 Quarter Credits
Examination of the historical development of concepts of delinquency and modern juvenile justice system. Theories of delinquency, juvenile court processes, intake services, remedial procedures and the effects of the system are included in this course. Prerequisite: CCJ 1020. Lecture Hours: 40 Lab Hours: 0	
CCJ 2679 – Introduction to Victims Advocacy	4 Quarter Credits
This course examines criminal victimization in the United States. The topics include the historical treatment of victims of crime, the character and extent of modern criminal victimization, the nature of victimization experience, victim treatment at the hands of the criminal justice system. Prerequisite: CCJ 1020 (None for HS Major). Lecture Hours: 40 Lab Hours: 0	
CCJ 2943 – Current Issues in Criminal Justice	4 Quarter Credits
This course presents an analysis of significant issues confronting modern day criminal justice practitioners. Critical concepts concerning law enforcement, the courts, corrections and juvenile justice will be addressed. Prerequisite: CCJ 1020. Lecture Hours: 40 Lab Hours: 0	
CCJP 2288 – Spanish for the Criminal Justice Professional	4 Quarter Credits
This course provides criminal justice professionals with a fundamental communication skill set in the Spanish language. Students will address Spanish phrases and terms that will enhance the ability to respond to emergencies and function in other justice related environments. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CEN 1056C – Project Development	2 Quarter Credits
This course prepares students to administer and participate in effective project development. Emphasis will be on people, planning, processes, and communication. Students will work in teams to define project objectives, schedule, budget, and accomplish project objectives on time and on budget. Prerequisite: None. Lecture Hours: 20 Lab Hours: 0	
CENP 2345C – Network Security	4 Quarter Credits
This course covers the fundamentals of security in networks and focuses on the implementation of security strategies and the configuration, maintenance, monitoring and troubleshooting of the available security features. Through a combination of lectures and hands-on labs, students learn how to plan and deploy secure communications for wireless networks, and remote applications. Prerequisite: CTS 2383C and CNT 2400C. Lecture Hours: 30 Lab Hours: 20	
CENP 2420 – Implementing and Administering Databases	4 Quarter Credits
This course covers essential topics necessary to enable students to set up and support a database server. Students build real world support skills by working via lessons and hands-on labs to gain practical experience with installing, administering and troubleshooting a database server. Prerequisite: CTS 1327C and CTS 1334C. Lecture Hours: 30 Lab Hours: 20	

CENP 2450 – Database Design	4 Quarter Credits
<p>This course builds on the fundamentals of database installation and administration and focuses upon the database objects present within a scalable database server. Students will become familiar with the programming objects available within a database and learn how to plan, design, create and manipulate the objects within a database. Prerequisite: CTS 1327C and CTS 1334C. Lecture Hours: 30 Lab Hours: 20</p>	
CET 1605C – Network Routing I	4 Quarter Credits
<p>This course introduces the knowledge and skills required to successfully install, operate, and troubleshoot a small branch office network using Cisco hardware. The course includes topics on the operation of IP data networks, LAN switching technologies, IPv6, IP routing technologies, IP services, network device security, and basic troubleshooting. Prerequisite: CNT 1003C. Lecture Hours: 30 Lab Hours: 20</p>	
CET 2607C – Network Routing II	4 Quarter Credits
<p>This course expands upon the topics covered in Network Routing I, enhancing the student's knowledge and skills required to successfully install, operate, and troubleshoot a small to medium size enterprise branch network. The course includes topics on LAN switching technologies, IP routing technologies, IP services, troubleshooting, and WAN technologies. Prerequisite: CET 1605C. Lecture Hours: 30 Lab Hours: 20</p>	
CGS 1280C – Computer Hardware Concepts	4 Quarter Credits
<p>In this course, students will be introduced to a variety of hardware components and their related functions in personal devices (desktops, laptops, tablets, mobile devices). Topics discussed in the course include diagnosing, troubleshooting, installing and repairing hardware, network connection, and associated devices. By the end of this course, students will be able to demonstrate how to connect and trouble shoot external devices, explain the functions of different hardware platforms and operating system software, describe various processor types, optimize a PC's performance with the correct RAM choice, support various peripherals through hardware and software diagnostics, and maintain the local area network hardware. This course also provides preparation for the hardware content of the CompTIA A+ certification. Prerequisite: None. Lecture Hours: 30 Lab Hours: 20</p>	
CGS 1800C – Web Site Design Methodology	4 Quarter Credits
<p>This course provides the foundation for Web site design and Web page creation required by today's Web developers to design, implement and manage a Web site. The course includes Web design concepts, site development and management techniques, and basic Web technology concepts. Students will develop basic Web pages containing text, graphics, hyperlinks, tables, and frames using popular software production tools. Prerequisite: None. Lecture Hours: 30 Lab Hours: 20</p>	
CGS 1821C – Web Content Development	4 Quarter Credits
<p>This course covers the essential topics and tools web designers use to develop Web pages. Using a text editor and a graphical user interface (GUI) editor, students will learn to create web pages containing text, hyperlinks, graphics, tables, forms and frames. Cascading Style Sheets (CSS) and the basics of Extensible Hypertext Markup Language (XHTML) will also be covered. Prerequisite: CGS 1800C. Lecture Hours: 30 Lab Hours: 20</p>	
CGS 2060C – Computer Applications	4 Quarter Credits
<p>This course introduces the essential concepts necessary to make effective use of the computer. Students achieve an understanding of what a computer can do, how it works, and how it can be used to create documents using word processing and spreadsheet applications for personal and business use. Prerequisite: None. Lecture Hours: 30 Lab Hours: 20</p>	
CGS 2177C – E-Commerce Systems Administration	4 Quarter Credits
<p>This course provides an overview of how to conduct business online, as well as understand the technical issues associated with constructing an e-commerce Web site. Student will explore the similarities and differences between traditional commerce and e-commerce, and will identify e-commerce technologies at varying levels of sophistication. Prerequisite: None. Lecture Hours: 30 Lab Hours: 20</p>	
CGS 2501C – Applied Word Processing	4 Quarter Credits
<p>This course introduces students to word processing programs. Students will explore a word processing program and practice creating documents for academic and business settings. While creating these documents, students will perform various tasks within the word processing program, helping them to become comfortable using the program. Prerequisite: CGS 2060C. Lecture Hours: 30 Lab Hours: 20</p>	
CGS 2573C – Applied Spreadsheets	4 Quarter Credits
<p>This course covers the various techniques used in developing spreadsheet applications for business information tracking and analysis. Course topics include using formulas, employing creative formatting, and using charts. Additional skills coverage includes use of graphics, developing pivot tables, and managing lists. Prerequisite: CGS 2060C. Lecture Hours: 30 Lab Hours: 20</p>	

CGS 2820C – Web Authoring	4 Quarter Credits
Students explore the use of graphics and multimedia to develop Web-based applications. This course covers techniques for developing rich media using fundamental graphic design concepts and tools, and web page content management techniques utilizing tables, links, and dynamic content. Prerequisite: CGS 1800C. Lecture Hours: 30 Lab Hours: 20	
CGS 2877C – Web Animation	4 Quarter Credits
This course provides an in-depth survey of the concepts and techniques used to create Web-based multimedia. Students will plan and design sophisticated web sites, adding motion to logos, photographs, and graphics. This course also includes designing, animating and broadcasting on the Web through a variety of animation projects. Prerequisite: CGS 2820C. Lecture Hours: 30 Lab Hours: 20	
CGS 2910C – Web Design Portfolio Project	2 Quarter Credits
This course is a capstone course for Web design students to combine their skills into a final portfolio project. Students will create a Web site using their Web authoring, design, content generation, animation, graphics, scripting, and e-commerce skills into a functional Web site. Prerequisite: GRA 2125C and CGS 2877C. Lecture Hours: 10 Lab Hours: 20	
CIS 2321 – Introduction to the Systems Development Life Cycle	4 Quarter Credits
This course presents an overview of the System Development Life Cycle (SDLC). It begins with problem identification and proceeds through feasibility analysis, requirements analysis, design, implementation, operation and maintenance. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CISP 2475 – Designing Network Security	4 Quarter Credits
This course builds on the fundamentals of security in networks and focuses on the analysis of network security and the design of security features and strategies. Students learn how to design a secure network infrastructure to meet business requirements via lectures and hands-on labs. Topics include assembling the design team, modeling threats, and analyzing security risks. Prerequisite: CTS 2303C, CTS 2383C, and CNT 2400C. Lecture Hours: 30 Lab Hours: 20	
CJC 2000 – Introduction to Corrections	4 Quarter Credits
This course will examine an overview of the history of corrections and punishment in America with a review of the correctional process including: probation, intermediate sanctions, restorative justice, imprisonment and the death penalty. The organization, management and operation of correctional facilities, inmate life and environment will be examined, including the legal foundation of prisoners' rights. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CJE 1600 – Criminal Investigations	4 Quarter Credits
Basic investigative techniques, taking witness statements, interviews and reports are covered. An overview of police procedures is also included. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CJE 1770 – Crime Scene Photography II	4 Quarter Credits
Upon successful completion of the course, the students will be able to understand the role of a photographer in a crime scene. The students will be able to comprehend fundamental concepts of general camera use. The students will also be able to apply photography concepts and practical applications to vehicular accidents, vehicle examinations, and crimes against property. Prerequisite: None Lecture Hours: 40 Lab Hours: 0	
CJE 1772 – Crime Scene Photography II	4 Quarter Credits
Upon successful completion of the course, the students will be able to understand the basic theory behind crime scene photography. Students will be able to properly photograph bodies and wounds. They will understand the use of ALS photography and the issues involved with special photographic situations. The students will also gain a basic understanding of the legal issues involved with digital imaging as well as the underlying theory behind macro/comparative photography. Prerequisite: CCJ 1020 Lecture Hours: 40 Lab Hour: 0	
CJE 2100 – Policing in America	4 Quarter Credits
This course provides a solid foundation by tracking the historical development of policing in America from its English roots to the first organized municipal police departments in the 1830s. It describes various federal law enforcement organizations and how they relate to state and local police. There is examination of the police subculture, explanation of the manner in which police agencies are organized and managed, community policing and problem solving, patrol and criminal investigations, impact of technology on police and discussion of the future. Prerequisite: CCJ 1020. Lecture Hours: 40 Lab Hours: 0	

CJE 2580 – Introduction to Interviews and Interrogations	4 Quarter Credits
Interviews and interrogation focuses on techniques and philosophies of conducting human communication in a criminal justice or legal environment in which the goal is to obtain accurate information. Students will learn and apply specialized techniques and approaches to interviews and interrogations as well as legal implications based on a variety of situations. Obtaining eyewitness information in an investigative environment is also discussed. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CJE 2670 – Introduction to Forensics	4 Quarter Credits
This course will explore and explain the application of applied science to those criminal and civil matters that are investigated by various agencies. Prerequisite: CCJ 1020. Lecture Hours: 40 Lab Hours: 0	
CJL 2130 – Criminal Evidence	4 Quarter Credits
This course focuses on the nature of evidence as it relates to the pretrial and trial process, including: witnesses, hearsay, admissions and confessions, and the exclusionary rule. Emphasis is placed on specific types of evidence: circumstantial, documentary, physical, and recorded. Prerequisite: CCJ 1020. Lecture Hours: 40 Lab Hours: 0	
CJL 2134 – Criminal Procedure and the Constitution	4 Quarter Credits
There will be a discussion of the Constitutional aspects of criminal procedure. The student will learn procedural aspects of the criminal system from arrest or summons through pretrial motions, trial, post-conviction and appellate processes. A study of the Constitution at work in the court system with current applications. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
CNT 1003C – Computer Networking Fundamentals	4 Quarter Credits
This course provides an overview of the field of local area networking and internetworking. Students are introduced to the terminology, operating systems, hardware, and administration of various components of a computer network, including network topology, TCP/IP, the OSI reference model, and network security, among others. Students also learn and perform basic end-user functions and introductory administration operations of a network. Prerequisite: None. Lecture Hours: 30 Lab Hours: 20	
CNT 2400C – Network Security Fundamentals	4 Quarter Credits
This course is an introduction to the components of network security. It takes a comprehensive look at network security and provides an organized view of the field, including the tools and techniques necessary to safeguard network data. Prerequisite: CNT 1003C. Lecture Hours: 30 Lab Hours: 20	
COP 2000C – Programming Concepts	4 Quarter Credits
This course provides the student with an introduction to the fundamentals of computer programming and program design. Students are introduced to structured and object-oriented programming concepts in a language independent manner. Students will explore basic programming terminology and concepts, specific control structures, and object-oriented design. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
COP 2170C – Computer Programming- Visual Basic I	4 Quarter Credits
This course provides an introduction to the Visual Basic programming language. Students develop executable programs utilizing an interactive graphic-user interface in the Windows environment. Prerequisite: COP 2505C. Lecture Hours: 30 Lab Hours: 20	
COP 2171C – Computer Programming- Visual Basic II	4 Quarter Credits
This course is a continuation of COP 2241. It provides advanced concepts of the Visual Basic programming language, including the Windows API/Messaging System, OLE automation, and Internet-enabled applications. Prerequisite: COP 2170C. Lecture Hours: 30 Lab Hours: 20	
COP 2224C – Computer Programming – C++ I	4 Quarter Credits
This course emphasizes programming with C++ functions, arrays, pointers and strings. Students develop substantial applications that process lists and tables of data in arrays—performing tasks such as searching and sorting data, and displaying graphical representations of data. The course presents a thorough discussion of pointers, including pointer-based string processing and passing data between functions using pointers. Prerequisite: COP 2505C. Lecture Hours: 30 Lab Hours: 20	
COP 2228C – Computer Programming – C++ II	4 Quarter Credits
This course is a continuation of COP 2224C, emphasizing C++'s advanced features and capabilities for object-oriented programming (OOP). Students focus on programming with predefined classes and extending the language by creating new classes. Key topics include classes, objects, encapsulation, inheritance, polymorphism, and using standard library classes to perform file input/output and string processing. Prerequisite: COP 2224C. Lecture Hours: 30 Lab Hours: 20	

COP 2250C – Programming Languages- Java I	4 Quarter Credits
This course teaches basic computer software development using the Java programming language. It introduces the principles and techniques of object-oriented programming and explains the concepts as they relate to Java. Prerequisite: COP 2505C. Lecture Hours: 30 Lab Hours: 20	
COP 2280C – Programming Languages – C# I	4 Quarter Credits
This course teaches basic computer software development using the C# programming language. It introduces the principles and techniques of object-oriented programming and explains the concepts as they relate to C#. Prerequisite: COP 2505C. Lecture Hours: 30 Lab Hours: 20	
COP 2281C – Programming Languages – C# II	4 Quarter Credits
This course is a continuation of COPP 2280, emphasizing C#'s features and capabilities for object-oriented programming (OOP). Students focus on programming with common library classes and extending the language by creating new classes. Prerequisite: COPP 2280. Lecture Hours: 30 Lab Hours: 20	
COP 2505C – Fundamental Programming Techniques	4 Quarter Credits
This course provides an introduction to programming using a primary programming language. Through hands-on practice, students will develop simple working programs. The course emphasizes fundamental programming concepts, algorithmic thinking, problem-solving techniques, pseudocode, diagramming algorithms, and introduces students to the object-oriented programming methodology. Prerequisite: COP 2000C. Lecture Hours: 30 Lab Hours: 20	
COP 2805C – Programming Languages- Java II	4 Quarter Credits
This course is a continuation of COP 2250C. It covers advanced Java programming topics and methodologies with an emphasis on the graphical user environment. It also demonstrates how to provide more extensible and portable solutions to Web server-side applications. Prerequisite: COP 2250C. Lecture Hours: 30 Lab Hours: 20	
COP 2840C – Content Generation Scripting Languages	4 Quarter Credits
This course covers the skills needed to design client-side, platform-independent solutions that greatly increase the value of a Web site. Students will learn how to use the most popular applications of JavaScript, including communicating with users, scripting for the JavaScript object model, controlling program flow, validating forms, animating images, targeting frames, and creating cookies. Prerequisite: CGS 1821C and COP 2505C. Lecture Hours: 30 Lab Hours: 20	
CTS 1110C – Computer Operating Systems	4 Quarter Credits
This course focuses on the software operating systems that run today's personal computers. Emphasis will be placed on commands, functions, and terminology through practical instruction in the installation, configuration, and upgrade of operating systems. Prerequisite: None. Lecture Hours: 30 Lab Hours: 20	
CTS 1327C – Network Operating Systems – Client	4 Quarter Credits
This course covers the essential topics necessary to enable students to set up and support the client side of a network operating system. Students build real world support skills by working via lessons and hands-on labs to gain practical experience with installing, administering, and troubleshooting a network operating system desktop environment. Prerequisite: CNT 1003C. Lecture Hours: 30 Lab Hours: 20	
CTS 1334C – Network Operating Systems – Server	4 Quarter Credits
This course covers the essential topics necessary to enable students to set up and support the server side of a network operating system. Students build real world support skills by working via lessons and hands-on labs to gain practical experience with installing, administering and troubleshooting a network server. Prerequisite: CNT 1003C. Lecture Hours: 30 Lab Hours: 20	
CTS 2303C – Network Directory Services	4 Quarter Credits
This course provides the students with the steps necessary to plan, configure, and administer an Active Directory infrastructure. Topics include management methods for a large-scale network directory, group policies, active directory replication, and database maintenance. Prerequisite: CNT 1003C. Lecture Hours: 30 Lab Hours: 20	
CTS 2304C – Network Directory Design	4 Quarter Credits
This course discusses the planning, issues, and options available to the network administrator who is designing a Windows Directory Services infrastructure. Key topics include the network's physical topology, security, administration, naming standards, and migration issues. Prerequisites: CTS2303C. Lecture Hours: 30 Lab Hours: 20	
CTS 2313C – Internet Security and Acceleration (ISA) Server	4 Quarter Credits
This course teaches students the basic concepts of proxy servers and firewalls. Students will learn how to install the Microsoft Internet Security and Acceleration (ISA) Server, setup access rules, IP packet filters, create client VPN access points and configure intrusion detection. Prerequisites: CTS2386C. Lecture Hours: 30 Lab Hours: 20	

CTS 2330C – Implementing and Supporting Email Services	4 Quarter Credits
This course provides students the ability to set up and support network email services. Working via lessons and hands-on labs, students gain practical experience installing, administering, and troubleshooting widely-used email server software. Prerequisites: CTS2303 or CTS2386C. Lecture Hours: 30 Lab Hours: 20	
CTS 2383C – Network Management	4 Quarter Credits
Students will gain a basic understanding of the steps necessary to implement, manage and troubleshoot existing network and server environments. Students will focus on performing desktop and server installation and configuration tasks, as well as network and operating system management tasks in a Microsoft Windows environment. Prerequisite: CTS 2303C and CTS 2386C. Lecture Hours: 30 Lab Hours: 20	
CTS 2386C – Network Infrastructure	4 Quarter Credits
This course covers the topics necessary for students to be able to deliver secure and reliable networking services to organizations utilizing Microsoft network operating systems. Working via lessons and hands on labs, students learn how to install, manage, and troubleshoot the network protocols and services utilized in the network operating system. Prerequisite: CNT 1003C. Lecture Hours: 30 Lab Hours: 20	
DSC 2002 – Introduction to Terrorism	4 Quarter Credits
Students in this course gain a valuable overview of terrorism: its history, current activities, and projected future. Topics include: domestic and international terrorism, terrorist training, weapons of mass destruction, defenses against terrorism, legal aspects, and the impact of the media. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
ECOP 1021 – General Economics	4 Quarter Credits
This course serves as an introduction to the principles of macro and microeconomics. Specific topics of study will include scarcity and choice, supply and demand, national income, foreign trade, inflation, unemployment, and the banking system. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
ENC 1101 – Composition I	4 Quarter Credits
This course provides instruction and practice in expository writing and emphasizes grammatical and mechanical accuracy and proper essay form. Emphasis is placed on clarity, logical organization, unity, and coherence of central idea and supporting material. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
ENC 1102 – Composition II	4 Quarter Credits
This course builds on the foundation of the written communication skills developed in English Composition I. It further develops the students' skills in composing essays and other written communication, including the documented research paper. Prerequisite: ENC 1101. Lecture Hours: 40 Lab Hours: 0	
EVS 1001 – Environmental Science	4 Quarter Credits
This non-laboratory course introduces students to environmental issues through an understanding of the interrelationships of humans and their planet. Attention is focused on ecosystems, pollution, energy, and improvement or prevention of problems. Environmental concerns are explored through readings, research, and discussion. Prerequisite: None. Lecture Hours: 40 Lab Hours: 0	
FIN 1103 – Finance	4 Quarter Credits
The Introduction to Finance course explores the significant principles involved in personal finance and the manner in which finance is connected to decision-making throughout life. The real-world applicability and career-impacting decisions of personal and business finance will be explored. This policy applies to all members of the campus community and includes, but is not exclusive to, faculty, staff, students, campus visitors, volunteers, vendors, and persons related to, receiving or seeking to receive services from the School, or otherwise pursuing diploma, undergraduate, graduate or refresher studies at the School. It also covers alleged acts of sexual misconduct that adversely affect the campus community, whether those acts occur on or off campus.

Definitions

Campus Security Authority - The Campus Security Authority (CSA) is defined as any individual or an entity to which students and employees should report criminal offenses:

Clery Act - is the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, 20 U.S.C. Section 1092(f); 34 C.F.R. Part 668.46

Consent - Is a freely given agreement to engage in a specific sexual act. While the explicit definition of consent varies by jurisdiction, the following general rules apply when assessing whether consent was given. The lack of explicit refusal does not imply consent. When there is use of threat or force by the accused, the lack of verbal or physical resistance or the submission by the victim does not constitute consent. The manner of dress of the victim at the time of the offense does not constitute consent. Past consent to sexual contact and/or a sexual history with the accused does not imply consent to future sexual contact. A person who initially consents to sexual contact or penetration may withdraw continued consent at any time during the course of that interaction. Intoxication due to use of alcohol or drugs may impair an individual's capacity to consent freely and may render an individual incapable of giving consent.

Domestic Violence – is a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; a person with whom the victim shares a child in common; a person who is cohabitating or has cohabited with the victim as a spouse or intimate partner; a person similarly situated to a spouse of the victim under the jurisdictional domestic or family violence laws; or any other person against a victim who is protected from that person's acts under the jurisdictional domestic or family violence laws.

Dating violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

Rape - is defined as sexual intercourse or penetration by a body part or object, through use of coercion or force, with someone who has not given or is incapable of giving consent.

Sexual contact - is the deliberate touching of a person's intimate body parts (including lips, genitalia, groin, breast or buttocks, or clothing covering any of those areas), or using force to cause a person to touch his or her own or another person's intimate body parts.

Sexual assault - is defined as physical contact of a sexual nature against the victim's will or without the victim's consent.

Sexual harassment - is unwelcomed sexual advances, requests for sexual favors or other conduct of a sexual nature. Sexual harassment occurs when a student or colleague is the recipient of conduct of a sexual nature where:

(1) Submission to, or toleration of, such conduct is made either explicitly or implicitly a term or condition of the student's education or colleague's employment; or (2) Submission to or rejection of such conduct by an individual is used as the basis for academic decisions about the student or professional decisions about the colleague; or (3) Such conduct has the purpose or effect of unreasonably interfering with the colleague/student's welfare or professional/academic performance, or creates an intimidating, hostile, offensive or demeaning work/academic environment.

Sexual misconduct - is a broad term encompassing sexual harassment, dating violence, domestic violence, rape, sexual assault, and stalking. Sexual misconduct can occur between strangers or acquaintances, including people involved in an intimate or sexual relationship. Sexual misconduct can be committed by men or by women, and it can occur between people of the same or different sex.

Stalking - is a pattern of behavior directed at a specific person that would cause a reasonable person to feel fear for his/her safety. A person commits stalking by knowingly engaging in a course of conduct directed at a specific person when the person engaging in the conduct knows or should know that this course of conduct would cause a reasonable person to fear for his/her safety or the safety of a third person or suffer other emotional distress.

Code of Student Conduct- standards of behavior expected of all accepted or enrolled students.

Title IX Coordinator - The Title IX Coordinator's purpose is to ensure that an institution maintains an environment for a student that is free from unlawful sex and gender discrimination in all aspects of the educational experience, including academics and extracurricular activities.

Title IX - refers to the U.S. Department of Education regulation that governs the efforts of educational institutions to maintain a campus free from sex and gender discrimination, including investigating and remediating sexual misconduct by students, colleagues, or third parties.

VAWA Incident – an incident in relation to domestic violence, dating violence, and stalking

Reporting of Crimes

In emergency situations, the person reporting the crime should call 9-1-1 for an immediate response from the local law enforcement agency. Thereafter, the crime should be reported to the Campus Security Authority and the appropriate managers indicated on the Emergency Security Escalation Procedures.

In non-emergency situations, the crime should be reported as soon as possible to the Campus Security Authority, the local law enforcement agency and the appropriate management.

All students, employees, and campus guests are encouraged to report all crimes and public safety-related incidents to the Campus Security Authority in a timely manner. The Campus Security Authority shall document each incident reported. All incident reports shall be reviewed by the Campus Director and Corporate Security department, who shall determine an appropriate response based on the nature of the incident.

Bystanders and witnesses are encouraged to not remain silent, and to take an active role in promoting a positive school environment. Bystanders can help in several different ways, particularly in situations involving dating violence, domestic violence, sexual assault, or stalking, including direct intervention, seeking assistance from an authority figure, notifying campus security, or calling state or local law enforcement.

All victims of crime that occur on campus shall be provided with the opportunity to report the incidents to the local law enforcement authority. Zenith Education Group reserves the right to treat an offense as a disciplinary matter whether or not it is reported to the local law enforcement agency.

Options for Reporting and Confidentially Disclosing Sexual Violence

Zenith encourages victims of sexual violence to talk to somebody about what happened, so victims can get the support they need, and so the School can respond appropriately. Different employees on each campus have different abilities to maintain a victim's confidentiality.

- Some may be required to maintain near complete confidentiality; talking to them is sometimes called a "privileged communication." These people would include any Professional or Pastoral Counselors, as described below.
- Some employees are required to report all the details of an incident (including the identities of both the victim and alleged perpetrator) to the Title IX¹ Coordinator. A report to these employees (called "responsible employees") constitutes a report to the School – and generally obligates the School to investigate the incident and take appropriate steps to address the situation. These employees include the Campus Director and the Regional Vice President of Operations.

¹ Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in education programs and activities in federally funded schools at all levels. The Title IX Coordinator's purpose is to ensure that an institution maintains an environment for students that is free from unlawful sex discrimination in all aspects of the educational experience, including academics and extracurricular activities. The Title IX Coordinator for all ZEG institutions is Dr. Robert Boggs or Tinamarie Aguilar, send your concerns to TitleIXquestions@zenith.org. You may also call the Title IX Coordinators directly at 714-825-7385 or 714-825-7249.

This policy is intended to make students aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn should they become a victim of sexual violence. The School encourages victims to talk to someone identified in one or more of these groups.

The Options

A. Privileged and Confidential Communications

- *Professional and Pastoral Counselors* Professional, licensed counselors and pastoral counselors who provide mental-health counseling to members of the school community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX Coordinator without a victim's permission.

A victim who speaks to a professional counselor or advocate must understand that, if the victim wants to maintain confidentiality, the School will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator.

Even so, these counselors and advocates will still assist the victim in receiving other necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health or mental health services, and changes to living, working or course schedules. A victim who at first requests confidentiality may later decide to file a complaint with the School or report the incident to local law enforcement, and thus have the incident fully investigated. These counselors and advocates will provide the victim with assistance if the victim wishes to do so.

NOTE: While these professional counselors and advocates may maintain a victim's confidentiality vis-à-vis the School, they may have reporting or other obligations under state law, such as mandatory reporting to law enforcement in case of minors; imminent harm to self or others; or the requirement to testify if subpoenaed in a criminal case.

ALSO NOTE: If the School determines that the alleged perpetrator(s) pose a serious and immediate threat to the campus community, the CSA may be called upon to issue a timely warning to the community. Any such warning should not include any information that identifies the victim.

B. Reporting to Responsible Employees

A "responsible employee" is a School employee who has the authority to address sexual violence, who has the duty to report incidents of sexual violence or other student misconduct, or who a student could reasonably believe has this authority or duty.

When a victim tells a responsible employee about an incident of sexual violence, the victim has the right to expect the School to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A responsible employee must report to the Title IX Coordinator and Corporate Security Department all relevant details about the alleged sexual violence shared by the victim and that the School will need to determine what happened – including the names of the victim and alleged perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident.

To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the School's response to the report. A responsible employee should not share information with law enforcement without the victim's consent or unless the victim has also reported the incident to law enforcement.

The Campus Director is the School's responsible employee.

Before a victim reveals any information to a responsible employee, the employee should ensure that the victim understands the employee's reporting obligations – and, if the victim wants to maintain confidentiality, direct the victim to confidential resources.

If the victim wants to tell the responsible employee what happened but also maintain confidentiality, the employee should tell the victim that the School will consider the request, but cannot guarantee that the School will be able to honor it. In reporting the details of the incident to the Title IX Coordinator and Security department, the responsible employee will also inform the Title IX Coordinator and Security department of the victim's request for confidentiality.

Responsible employees will not pressure a victim to request confidentiality, but will honor and support the victim's wishes, including for the School to fully investigate an incident. By the same token, responsible employees will not pressure a victim to make a full report if the victim is not ready to do so.

Requesting Confidentiality From the School: How the School Will Weigh the Request and Respond

If a victim discloses an incident to a responsible employee but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the School must weigh that request against the School's obligation to provide a safe, non-discriminatory environment for all students, including the victim.

If the School honors the request for confidentiality, a victim must understand that the School's ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited.

Although rare, there are times when the School may not be able to honor a victim's request in order to provide a safe, non-discriminatory environment for all students.

The School has designated the Title IX Coordinator to evaluate requests for confidentiality once a responsible employee is on notice of alleged sexual violence.

When weighing a victim's request for confidentiality or that no investigation or discipline be pursued, the Title IX Coordinator will work with the Corporate Security department to consider a range of factors, including the following:

- The increased risk that the alleged perpetrator will commit additional acts of sexual or other violence, such as:
 - whether there have been other sexual violence complaints about the same alleged perpetrator;
 - whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of violence;
 - whether the alleged perpetrator threatened further sexual violence or other violence against the victim or others;
 - whether the sexual violence was committed by multiple perpetrators;
- whether the sexual violence was perpetrated with a weapon;
- whether the victim is a minor;
- whether the School possesses other means to obtain relevant evidence of the sexual violence (e.g., security cameras or personnel, physical evidence);
- whether the victim's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead the School to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the School will likely respect the victim's request for confidentiality.

If the School determines that it cannot maintain a victim's confidentiality, the School will inform the victim prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the School's response.

The School will remain ever mindful of the victim's well-being, and will take ongoing steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. Retaliation against the victim, whether by students or School employees, will not be tolerated. The School will also:

- assist the victim in accessing other available victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance both on and off campus;
- provide other security and support, which could include issuing a no-contact order, helping arrange a change of living or working arrangements or course schedules (including for the alleged perpetrator pending the outcome of an investigation) or adjustments for assignments or tests; and
- inform the victim of the right to report a crime to campus or local law enforcement – and provide the victim with assistance if the victim wishes to do so.

The School may not require a victim to participate in any investigation or disciplinary proceeding.

Because the School is under a continuing obligation to address the issue of sexual violence campus-wide, reports of sexual violence (including non-identifying reports) will also prompt the School to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported sexual violence occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments/victimization surveys; and/or revisiting its policies and practices.

If the School determines that it can respect a victim's request for confidentiality, the School will also take immediate action as necessary to protect and assist the victim.

All victims of crime that occur on campus shall be provided with the opportunity to report the incidents to the local law enforcement authority. Zenith reserves the right to treat an offense as a disciplinary matter whether or not it is reported to the local law enforcement agency.

At Zenith schools, the Campus Director shall be the primary Campus Security Authority, and typically designates another campus employee as a CSA Assistant. In the absence of the Campus Director the Regional Vice President of Operations will act as the Campus Security Authority.

All students, employees, and campus guests are encouraged to report all crimes and public safety-related incidents to the Campus Security Authority in a timely manner. The Campus Security Authority shall document each incident reported. All incident reports shall be reviewed by the Campus Director and the Corporate Security Department who shall determine an appropriate response based on the nature of the incident.

Take Back the Night and other public awareness events

Public awareness events such as "Take Back the Night," the Clothesline Project, candlelight vigils, protests, "survivor speak outs" or other forums in which students disclose incidents of sexual violence, are not considered notice to the School or Zenith of sexual violence for purposes of triggering its obligation to investigate any particular incident(s).

Off-campus Counselors and Advocates

Off-campus counselors, advocates, and health care providers will also generally maintain confidentiality and not share information with the School unless the victim requests the disclosure and signs a consent or waiver form.

NOTE: While these off-campus counselors and advocates may maintain a victim's confidentiality vis-à-vis the School, they may have reporting or other obligations under state law, such as mandatory reporting to law enforcement in case of minors; imminent harm to self or others; or the requirement to testify if subpoenaed in a criminal case.

Campus Security Authority

The Campus Security Authority shall have the authority to ask persons for identification and to determine whether individuals have lawful business at the school. The Campus Security Authority shall cooperate with law enforcement agencies that have jurisdiction over the campus as necessary to ensure campus safety. The Campus Security Authority does not have arrest power. All crime victims and witnesses are strongly encouraged to immediately report alleged crimes to the Campus Security Authority and to the appropriate law enforcement agency, but victims are not required to notify such authorities.

The Campus Security Authority (CSA) is defined as any individual or an entity to which students and employees should report criminal offenses, including:

- A campus police department or a campus security department;
- An individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property);
- Any individual or organization specified in an institutional statement of campus security policy as an individual or organization to which students and employees should report criminal offences (e.g., Campus Director, etc.);
- An official of who has the authority and the duty to take action or respond to particular issues on behalf of the institution and who has significant responsibility for student and campus activities, including but not limited to, student housing, student discipline and campus judicial proceedings.

Where applicable, the institution shall uphold orders of protection, "no-contact" orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribunal court.

Sexual Offences² Reporting and Disciplinary Procedures

Sexual offences are a violation of the Code of Student Conduct and the Sexual Harassment Policy as stated in the School catalog. Victim(s) of any sexual offences should immediately seek assistance from local law enforcement authorities, the local rape crisis center, and/or the Campus Security Authority. School personnel shall be available to assist the student in notifying these authorities if the victim chooses, as well as counsel the victim of the importance of preserving evidence for the proof of a criminal offence.

² "Sexual Offences" as defined by the 2013 Violence Against Women Reauthorization Act include: Sexual Assault (Rape, Fondling, Incest, or Statutory Rape), Domestic Violence, Dating Violence, and Stalking.

Disciplinary Action

All allegations of any sexual offences or VAWA Incidents shall be investigated by the appropriate Title IX Coordinator and the Corporate Security Department. Allegations against students shall be investigated pursuant to the Code of Student Conduct.

Disciplinary procedures in cases of alleged sexual offences or VAWA Incidents shall: (1) provide prompt, fair, and impartial investigation and resolution; (2) be conducted by officials who are trained annually on how to investigate and conduct hearings on domestic violence, sexual assault, and stalking; (3) give the accused and the accuser the same opportunities to have an advisor or others (e.g., witness or advocate) present during the proceeding and related meetings; (4) be conducted under a “preponderance of the evidence” standard, and (5) simultaneously notify the accused and accuser of the outcome, appeal procedures, and final results.

Students who are determined to have violated the School's prohibitions against sexual offences are subject to disciplinary action up to and including dismissal from the School. Detailed information regarding the disciplinary procedure for sexual offences and VAWA Incidents can be found in the Code of Student Conduct. As appropriate, the matter shall be referred to the appropriate law enforcement authorities for investigation and prosecution.

The school shall change a victim's academic situation after a sex offense or alleged sex offense if those changes are requested by the victim, and are reasonably available. The student may seek assistance in requesting a change from the Campus Security Authority. Changes offered to student victims include the following:

- Transfer into the same program at another Zenith school;
- Transfer into a different academic program at the same school;
- Change in academic schedule;
- Change in externship location/assignment;
- Leave of absence/withdrawal from School; and
- Change in living situation (on campuses that offer housing).

Violence against Women

Zenith is committed to creating and sustaining a positive learning and working environment, free of discrimination, including sexual violence, dating violence, domestic violence and stalking.

Such behaviors are not tolerated on any Zenith campus and are prohibited both by law and School policy. The School will respond promptly to reports of sexual harassment and sexual violence and will take appropriate action to prevent, to correct, and when necessary, to discipline behavior that violates School policy.

Campus Community Safety is Primary

The School's primary concern is the safety of its campus community members. The use of alcohol or drugs never makes the victim at fault for sexual discrimination, harassment or violence; therefore, victims should not be deterred from reporting incidents of sexual violence out of a concern that they might be disciplined for related violations of drug, alcohol or other School policies. Except in extreme circumstances, victims of sexual violence shall not be subject to discipline for related violations of the Code of Student Conduct.

As required by the 2013 Violence Against Women Reauthorization Act, all Zenith Schools shall include subcategories for all Sexual Offences reported to the Campus Security Authority. Sexual Offences include: Sexual Assault (Rape, Fondling, Incest, or Statutory Rape), Domestic Violence, Dating Violence, and Stalking.

Victim Confidentiality

The School will use its best efforts to ensure that:

- All publicly available safety and security records, reports, and disclosures shall not include any personally identifying information about the victim; and
- It will maintain as confidential any accommodation or protective measures to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodation or protective measures.

State-Specific Statements

Virginia

Child Abuse and Neglect Reporting

Individuals 18 years and older who are associated with, employed by or volunteer with a private institution of higher learning are required to report, as soon as possible, but no later than 24 hours after having a suspicion of child abuse or neglect. No report is required if the individual has actual knowledge that the same matter has already been reported to Child Protective Services.

The Department of Social Service's toll-free child abuse and neglect hotline is 1-800-552-7096.

Most States have also enacted requirements for Child Abuse and Neglect Reporting. Information on these requirements is available at: <http://www.ncsl.org/research/human-services/redirect-mandatory-rprtng-of-child-abuse-and-neglect-2013.aspx>

Campuses may print and post informational posters which have been made available by the state. Those posters may be found on the Department of Social Service's website at: <http://www.dss.virginia.gov/family/cps/index2.cgi>.

Pennsylvania

Sexual Offences³ Reporting and Disciplinary Procedures

In addition to the Sexual Offences Reporting and Disciplinary Procedures, schools located in Pennsylvania shall operate in compliance with the Public School Code, "Sexual Violence Education at Institutions of Higher Education" by providing a sexual violence awareness education program which provides:

- A discussion of sexual violence;
- A discussion of consent, including an explanation that the victim is not at fault;
- A discussion of drug and alcohol-facilitated sexual violence;
- Information relating to risk education and personal protection;
- Information on where and how to get assistance, including the importance of medical treatment and evidence collection, and how to report sexual violence to campus authorities and local law enforcement;
- The possibility of pregnancy and sexually transmitted diseases;
- Introduction of members of the educational community from:
 - Campus policy or security and local law enforcement;
 - Campus health center, women's center and rape crisis center;
 - Campus counseling service or any service responsible for psychological counseling and student affairs;
- A promise of discretion and dignity;
- A promise of confidentiality for victims of sexual offences.

The campus is to provide a follow-up program, such as lectures, institutional activities and videos and other educational materials related to sexual violence prevention and awareness for the duration of the school year for new students.

³ "Sexual Offences" as defined by the 2013 Violence Against Women Reauthorization Act include: Sexual Assault (Rape, Fondling, Incest, or Statutory Rape), Domestic Violence, Dating Violence, and Stalking.
